ESTIMATE OF CASUALTIES EXAGGERATED

STEPS TAKEN TO RELIEVE CHILE SUFFERERS AND TO BURY DEAD.

REPORTS AS TO LIFE AND PROPERTY LOSS ARE STILL CONFLICTING—QUIET IS RESTORED.

The earthquakes in Chile have ceased, the resultant fires have been extinguished and people of the two cities, Valparaiso and Santiago, are taking organized steps to relieve suffering, care for the wounded and bury the dead. The period of succor has entered.

Dispatches received from Chile today tend to show that the first estimates of casualties and material damage had been greatly exaggerated, and that the people of Valparaiso are becoming calmer. The fear of further shocks has been removed by a statement issued from the observatory, and today it became possible for the first time to organize relief work and begin a systematic search of the ruins for the dead.

Santiago is coming to the rescue of her suffering sister. Public subscriptions have been opened for money, clothing and provisions, and the capital is caring for all refugees from Valparaiso who make their way across the mountains.

The government is putting down pillage wherever it breaks out with troops.

It is still impossible to reach any accurate estimate of the dead and injured. The reports from Chile are most conflicting. A large section of the country, however, was visited by the catastrophe of last Thursday, and tabled estimates of casualties refer in some instances to particular localities, notably Valparaiso, and in other evidently to the entire district which suffered from the shock. The number of dead in Valparaiso doubtless will run into the hundreds, and for the entire country probably into the thousands. The property damage is estimated at from two hundred to three hundred million dollars.

Relief is being organized with system, and the government has taken complete control of the situation. The foreign legations are active in relief measures, as are private persons, and the greatest energy is being devoted to getting in supplies for the destitute. The government has authorized the provincial governor to spend all money necessary for the relief of the needy. The funds subscribed in Iquique to celebrate the election of Pedro Montt to the presidency will be expended to relieve the suffering. Public relief subscriptions have been opened in Buenos Ayres and the Argentine government will pass a resolution to the same end. Chile will ask its congress for money for the reconstruction of Valparaiso. Those engaged in seeking relatives and friends, in erecting or perfecting temporary outdoor quarters against the cold, in getting food supplies, are helping each other. Food and water are both very scarce, and at this juncture many merchants have made material advances in the price of provisions.

The statement is made that every building in Valparaiso has been damaged and the city has been described as "uninhabitable."

It is reported that six or eight towns in the stricken districts have been destroyed, but details are still lacking. Vina Del Mar, which is a suburb of Valparaiso, is described as almost entirely in ruins. There are fifty dead and 150 wounded at Lacla. Many houses in the Aconcagua district collapsed. In addition to towns previously mentioned, Melipilla, Salvador and Santa Turino sustained damage.

QUO VADIS FIRST.

OSTEND, Belgium, Aug. 20.—In the Dover Ostend motor boat race today the Quo Vadis finished first and the Napier Major second.

COUNCIL WOULD SUPPRESS NEWS

ALDERMEN FEAR MOTIVES ARE IMPUGNED AND WANT STAR CHAMBER PROCEEDINGS KEPT SECRET.

Members of the city council made strenuous protest against the way they are treated by Colorado Springs newspapers, at the council meeting last night. Alderman Tucker read an editorial from The Telegraph in which it was said that the council's secret sessions "savor too much of trickery and corruption."

"I protest against this paper's endeavors to impugn the motives of this council," said Mr. Tucker.

Aldermen Tucker, Hill and Hosman then spoke of the newspaper stories regarding what has transpired in these secret sessions saying the reports have been erroneous. Reporters who were present last night were called on the carpet to defend themselves and their [illegible].

When it was suggested by one of the reporters that the aldermen were never misquoted on what they say in open meeting and one of them stated that the information regarding the secret sessions came direct from members of the council, the points were not disputed. Alderman Holden suggested that reporters be invited to attend the secret sessions, but no second was given to his motion.

FATHER OF OUTRAGED GIRL LEADS GUILTY NEGRO TO HIS DEATH

COLUMBIA, S. C., Aug. 20.—Bob Ethridge, the negro who on Thursday last attempted to criminally assault the 15-year-old daughter of T. H. Wise, a well-to-do farmer of Saluda county, was taken today by the girl's father to the scene of the crime, where he was shot to death by a mob of 200 men after he had pleaded guilty. The girl is in a critical condition.

COOK A CANDIDATE

G. A. R. MAN PERMITS NOMINATION FOR CONGRESSMAN-AT-LARGE.

LEADVILLE, Colo., Aug. 20.—In a telegram to the Herald-Democrat, General George W. Cook, former senior vice commander of the Grand Army of the Republic, states that he will permit his name to be placed in nomination at the Republican state convention for congressman-at-large. General Cook states also that he has decided to run in response to the solicitation of hundreds of Republicans all over Colorado.

THREE ARE KILLED IN INTERURBAN WRECK

WAPAKONETA, Ohio, Aug. 20.—A Western Ohio Interurban car jumped the track while going at full speed at Cridersville, five miles south of here tonight, killing three persons and injuring over twenty.

The dead: John Van Clapper, motorman, Lima; Otto Koch, passenger, Wapakoneta; Miss Iva Rinard, aged 12, Cridersville.

TRUNK LINES ARE TIED UP

CLOUDBURST IN ARIZONA AND SOUTHERN CALIFORNIA STOPS TRAFFIC.

SOUTHERN PACIFIC AND SANTA FE ARE AFFECTED—TRACKS ARE SOON TO BE CLEARED.

LOS ANGELES, Cal., Aug. 20.—Floods in Arizona and parts of Southern California, as a result of the cloudbursts yesterday and last night, have completely tied up the transcontinental lines of the Santa Fe and Southern Pacific. No trains have gone east from here since last Saturday, and several bound both ways are held at various points until the tracks are cleared.

The rain has now ceased, however, and conditions are improving. Both roads expect to have the tracks cleared and traffic moving again by tonight or at farthest by tomorrow morning.

Four of the Southern Pacific westbound passenger trains are held at Yuma, the damage district being this side between Mecca and Volcano. These trains are a consolidation of six. Two eastbound passenger trains are held at Indio on the desert. These are a consolidation of three trains from this city. The tracks are washed out, according to reports to headquarters, but the heavy rainfall in the desert has flooded them and made them unsafe.

The condition on the Santa Fe is equally as bad. The deluge was heavy at Needles and other points across the line in Arizona. The tracks are reported washed out in numerous places by freshets from the mountains, and gangs of men are being sent out from all available sources to repair the roadbed. Five westbound trains are being held at Kingman and three others are stalled this side. Eastbound trains leaving Los Angeles Saturday are stalled at Goffs, and yesterday's trains are at Bagdad.

The principal washouts are along the route from Needles to Danube and out to Tompoc. Many freight trains are sidetracked along the route.

Heavy rains have occurred also along the line of the Salt Lake route, but that road has escaped undamaged.

'FRISCO TO AID STRICKEN CHILE

MEMBERS OF COMMITTEE SUBSCRIBE $2,505 IN FIFTEEN MINUTES—LARGE SUMS BEING GIVEN.

SAN FRANCISCO, Aug. 20.—Members of the committee of forty appointed by Mayor Schmitz to devise ways and means for the relief of San Francisco during the fire of last April, met today to arrange for San Francisco's contribution to the stricken people of Chile.

Within fifteen minutes the individual members of the committee had subscribed $2,505. It was announced that the Canadian Bank of Commerce had already telegraphed to the president of Chile the sum of $10,000 advanced at the request of members of the committee. This sum is now to be raised by public subscription. A committee of seven, including James D. Phelan, W. J. Bartnett and I. W. Hellman, has undertaken to raise this amount and additional plans of relief will be considered at a meeting to be held tomorrow.

RACES BEGIN AT ROSWELL PARK

COLORADO-NEW MEXICO CIRCUIT OPENS HERE TODAY—FRONTIER EXHIBITIONS, REGULAR EVENTS.

The race meet at Roswell track this afternoon inaugurates the Colorado-New Mexico circuit. The racing here will last for five days. The track is in good shape, and some good time is expected. The racing will begin promptly at 2 o'clock each afternoon. Regular events will be interspersed with wild west features. Several broncho busters will participate in the frontier events.

Officials for the meet have been selected as follows:

Judges, E. D. Davis, Dr. G. W. Dickey, H. S. Hawks; timers, D. B. Robertson, J. A. Sill, William Hillis; starter, J. W. Brauer.

Following are the entries for the 2:25 pace today, purse $500: Normawill, by Happy Allerton, Ed Parker, Denver (Ed Parker); Willie W., by Fesk K., J. B. Welland, La Junta (J. B. Welland); Arra K., by Albernards, Geo. D. Dolan, Las Animas (E. E. Bell); Bill Dugan, by Americo, K. Mardenuild, Colorado Springs (K. Mardenuild); Brewers Kid, by Riley Medium, Jack Sproul, Pueblo (Jack Sproul); Robert Allerton, by Happy Allerton, O. T. Adamson, Denver.

The running race of four furlongs, for which a purse of $100 is offered, will have the following starters: Joe D., owned by Harry Pearson; Nildo, Grant Adams; Gold Dust, William H. Watson; David H., Al Morgan; Nellie May, C. G. Sutton; Bay Billy, Johnny Walsh, and The Pride, P. C. McComas.

Entries for the five-eighths mile dash, purse $125: Dr. Tom, owned by P. C. McComas; Sissenvine, William Kern; Dan Collins, Fred Baird; Suavita, C. A. Holcomb; Pat Fannon, James Fitzpatrick; Clear Night, S. R. Lawrence; Denzil, Al Morgan; By Play, Kelly and Martin; J. C. Cox, F. E. Cooley.

Seven-eighths mile dash, purse $150, entries: Sallie Chat, owned by H. S. Blackburn; Prince Ching, Mrs. O. P. Maxwell; Safeguard and Edward Hale, C. G. Sutton; Loone, William Kern; Jack McGinn, Kelly and Martin; Leila Hill, Ed Belmont; Friedas, B. E. Hobart; Mabel Simms, W. G. Bowers; Montebank, D. Bridges.

YOUTHS PAY $12 FOR JOBS THEY DON'T GET

The police are looking for a smooth confidence man who secured $12 through a bunco proposition on a Rio Grande train yesterday evening from Hugh Shannon and Walter Price, of Medford, Okla., according to the statement of Mr. Price in the police station last night.

The youths claimed that they were approached by the stranger on the train as it was leaving Denver. He was well dressed and represented himself to be a Cripple Creek mining man. On the promise of giving employment to Shannon and Price, said the latter, the newcomer obtained $12 for "railroad fare to Cripple Creek." He jumped off the train at Palmer Lake, leaving his dupes to ride to Colorado Springs.

TWO MORE ARRESTS; OFFICERS RESIGN

ST. PETERSBURG, Aug. 20.—Two more members of the outlawed parliament have been arrested—M. Frenkel, at Ymant, and M. Pritull, at Orloffk.

Thirty-seven national officers at Cronstadt have resigned owing to their indignation at what they characterize as the lenient sentences imposed on mutineers by the court martial in session there.

General Sarubaieff, aide-de-camp general to Emperor Nicholas, has been appointed inspector of infantry, while retaining the position of adjutant general and his membership in the council of the empire.

General Sarubaieff commanded one army corps in the Russo-Japanese war.

TOPEKA MAN CHIEF ENGINEER SANTA FE

TOPEKA, Kas., Aug. 20.—The appointment of W. B. Storey, Jr., to be chief engineer of the Santa Fe railway system with headquarters at Chicago, was announced from the general offices of the company here today. The appointment is effective September 1.

Mr. Storey is at present chief engineer of the Santa Fe lines between Chicago and Albuquerque, with headquarters in this city. C. A. Morse, at present chief engineer of the lines west of Albuquerque, has been appointed to succeed Mr. Storey as chief engineer of the Santa Fe proper at Topeka.

ITALIAN LABORERS KILLED AT LUNCH

CHARLOTTE, Mich., Aug. 20.—Two Italian laborers are dead, two are dying and fifteen more are lying injured as a result of an engine of a work train, on the Michigan Central, two miles east of here, backing into the train while the fifty laborers on the work train were eating their dinner.

OLDEST MAN IN WYOMING DIES

CHEYENNE, Wyo., Aug. 20.—Elijah H. Snow, aged 94 years and the oldest man in Wyoming, died here today at the home of his daughter, Mrs. Elizabeth Hawes. He was born in New England, his father being a captain in the war of 1812.

THREE DROWN BY THE CAPSIZING OF LAUNCH.

FREEPORT, Ill., Aug. 20.—L. W. Kaiser, Harry Sweeney and Oscar Denure were drowned here today by the capsizing of their launch in the Pecatonica river.

RATES FOR LIGHTS ARE TOO HIGH

SO SAYS SPECIAL COMMITTEE APPOINTED BY COUNCIL TO INVESTIGATE.

CITY IS NOT GETTING ALL IT IS ENTITLED TO—COUNCIL IS READY TO ARBITRATE MONEY CLAIM.

According to a report submitted to the city council last night by the public buildings and grounds committee, section 9 of the Jackson franchise provides that the city shall be supplied by the Pike's Peak Hydro-Electric company with 431 16-candlepower lights and 50 horsepower for mechanical purposes more than are now being received by the city.

A special committee, appointed to look up meter rates in other cities of the country, submitted a report which shows that Colorado Springs citizens are paying more for their electric lights than are people in several other municipalities. This special committee was instructed to ascertain the cost of procuring an expert electrical engineer to come to Colorado Springs, examine its water system, and render a report as to the advisability of the city erecting a municipal electric light plant.

A resolution was passed instructing the city clerk to notify the Pike's Peak Hydro-Electric company that the city is ready to submit to arbitration, under section 3 of the agreement of June 12, 1906, the money claim of the city against the company, based on the contention that the street arc lights are less than standard 2,000-candlepower.

What City Is Entitled To.

The report of the public buildings and grounds committee, signed by Aldermen Hosman, Hill and Tucker, says that they find in section 9 of the Jackson franchise, that the city is entitled, free of cost, to 300 incandescent lamps of 16-candlepower, five arc lamps of 2,000-candlepower, or their equivalent, also 50 horsepower for mechanical purposes, and that the city is entitled to 826 16-candlepower lamps. The lights of the city hall are the only ones which are being furnished free to the city, and they make a total of 844 16-candlepower lamps.

This, says the report, leaves a balance of 431 16-candlepower lamps, together with the 50 horsepower for mechanical purposes that the city is entitled to, of which it is not availing itself.

The committee was instructed to make a recommendation at the next meeting as to the disposition of the lights which the city is entitled to from the Hydro company.

A special committee, consisting of Aldermen Seldomridge, Hosman and Holden, submitted a lengthy report dealing with the cost of electric lights in other cities of the country, and the advisability of erecting a municipal lighting plant.

Committee's Report.

The report is as follows:

Colorado Springs, Colo., Aug. 20, 1906.
To the Honorable City Council:

Your committee appointed to secure information in regard to electric lighting beg leave to report as follows:

Our understanding of the meaning of the resolution under which we were appointed was that we should secure information as to the cost in other cities of electric lighting, with a view of, if possible, securing lower rates for such service in this city, both for the use of the city itself and for private consumption, and the advisability of the city, under the power conferred upon it by the laws of the state, engaging in the business of manufacturing and furnishing light and power for its own purposes and commercially.

Our investigations have been limited to securing by correspondence what information we could in the limited time at our disposal.

We find that the rates at present charged here are about the same as those charged in other cities served only by private enterprise and where there is no competition. In Jacksonville, Fla., lights are furnished by a municipal plant at a maximum charge of 7 cents per K. W. In Seattle, Wash., there are a municipal plant and two private companies, the former having been in operation not quite a year, the present maximum rate is 8 cents per K. W., which is reduction of 40 to 60 per cent over previous rates, the minimum charge being $1.00 per month.

We think that the cost of supplying electricity here should not be higher than at either of these places, and it could be produced and sold here at a profit at a maximum price of 7 cents per K. W.

The conditions of supply in this vicinity are somewhat analogous to those at Buffalo, New York, which is supplied by a private corporation which obtains its power from Niagara Falls. Recently the city has extended its contract for street lighting, which had two years to run, for five years additional, the company reducing its rate for the whole time to $54.00 per year for 2,000 candlepower arc lights and its rate to private consumers to 9 cents per K. W.

As the decision for or against the erection of a municipal plant would be made by the taxpayers at an election for voting bonds to provide funds for the erection of the same we believe in the fullest possible discussion of the matter so that in case it should be submitted to vote it will be passed upon intelligently.

Upon its present valuation the city is within about $145,000.00 of exhausting its borrowing capacity; it is a matter for consideration as to whether it should use the entire amount for a lighting plant, if it should be required, or would retain some for other purposes, such as acquisitions of parks, etc., and emergencies. It might be possible to obtain authority from the legislature to increase the amount of bonds cities are allowed to issue for such purposes to the same extent as they are allowed for water works.

In securing funds to construct a plant the city is at some advantage over a private corporation in that it is able to borrow money at a lower rate of interest. In its operation, except under proper management, it may be at a disadvantage in paying higher wages and not securing as efficient service. The city is also relieved of having to pay taxes.

Municipal plants have not always proved successful; in some instances they have proved absolute failures and the plants have been sold for a fraction of their original cost or leased to private parties and the taxpayers have been called upon to pay the bonds issued for their construction. It has not been possible to investigate the causes of these failures, but we imagine that generally it can be charged to the interference of politics in the management. In some cases also cities have thought their plants were paying propositions when a change in administration has revealed mismanagement, extravagances, machinery worn out and a goodly sum needed for repairs. In probably no other business are there more improvements being continually made than in the manufacture of electricity and an up-to-date plant is constantly discarding what it has, and installing more economical or more productive machinery. It is not too much to say that 10 per cent per year would be too much to charge off for depreciation. The State Boards of Lighting in Connecticut and Massachusetts require each municipally-owned lighting plant to charge off 5 per cent each year on that account.

The idea mostly in mind is, we think, to take advantage of the rights claimed by the city under the Jackson franchise to be supplied with power for municipal purposes at the rate charged the most favored customer of the owner of the franchise; should the city's contention be upheld by the courts it would have to be decided whether in the erection of a plant we would depend on this supply alone or whether it would be necessary or advisable to provide for additional or auxiliary steam power for use in case of accident to the power plant or its inability to supply the required amount of current. It would also have to be decided whether the city would undertake to furnish its street lights and commercial lights also, or would limit itself to one or the other and if so to which one.

These are matters which largely must be decided by expert opinion, and we recommend that the council vote a sufficient sum to secure such an opinion from a competent electrical engineer. We think that the matter is of sufficient importance to justify a reasonable expenditure for that purpose, and that our citizens generally will approve of such.

Should such investigation prove that the cost of a plant is such that the city can financially undertake it, we would recommend that the matter of issuing bonds be presented to the taxpayers at an election, and in providing for the management of the plant that the fullest possible protection be given to keep it independent of politics and it be conducted on strictly business principles; its revenues being retained in a separate fund and each department of the city paying into such fund its lighting bills as though to a private corporation.

We have sufficient confidence in the ability of our city and its citizens to carry successfully through such an enterprise the same as it has others of equal and more importance, and we would respectfully request from the council further instructions and the authority to expend a sufficient amount to secure the needed information.

SECRETARY SHAW MAKES STATEMENT

SAYS TREASURY DEPARTMENT MAY EXERCISE DISCRETION AS TO DEMANDS—SOURCE OF SUPPLY.

WASHINGTON, Aug. 20.—Secretary Shaw today made public the following statement:

"The secretary of the treasury has instructed the treasurer when unable to meet all demands for small bills to send ones and twos in preference to fives. The secretary takes the position that when the department is unable to meet all demands upon it, it may exercise a discretion as to the demands to which it will give preferences.

"There is no source from which the demand for money in denominations less than five dollars can be supplied other than silver and silver certificates. There is, however, a source of supply for currency of the denomination of five dollars, namely national bank notes.

"Since the secretary's circular to banks urging them to increase their notes of the denomination of five dollars, practically thirty millions in fives have been ordered, and nearly nine millions have been delivered. Most of the remainder will go out in the next thirty days.

"The secretary, in this authorized statement, calls attention to the fact that silver certificates cannot be issued except for silver actually in the treasury [illegible] the treasury and gold certificates demanded, and gold certificates are redeemable in gold on demand. Silver can be deposited in the treasury and silver certificates demanded, and these certificates in turn are redeemable in silver on demand.

"Gold and silver certificates are exactly what they profess to be. They are receipts which the government issues for an actual deposit of the kind of coin designated in the certificates. The volume, however, of silver certificates is limited to the amount of silver actually deposited. Most of the silver now circulated is in the form of certificates. If the banks will return silver certificates of the higher denominations, and take either the coin or the silver certificates in denominations of one and two dollars, there will be no scarcity of small money. Their place will be promptly supplied by the small bills authorized by the banks. Congress has not unwisely planned for the needs of the country. It rests with the banks to conform their operations to meet these needs."

RIO JANEIRO, Aug. 20.—The international American congress today discussed the location of the next meeting place of the congress. Tomorrow's meeting of the conference will be one of condolence over the earthquake disaster in Chile.

HOME OF DE FOE'S ROBINSON CRUSOE IS DESTROYED BY QUAKE

NEW YORK, Aug. 20.—A report reached this city today that the South American earthquake destroyed the island of Juan Fernandez, off the Chilean coast. It belonged to Chile, and on it were a penal settlement and a fort.

This is the island made famous by Daniel De Foe as the scene of the thrilling adventures of Robinson Crusoe.

TRANSFERRED

COLORED TROOPS ARE REMOVED FROM FT. BROWN BECAUSE OF TROUBLE

WASHINGTON, Aug. 20.—Orders were issued today by the military secretary, Major General F. C. Ainsworth, for the transfer of the colored troops from Fort Brown, Tex., where there has been serious trouble between citizens and soldiers, to Fort Ringgold, Tex., which is about 100 miles above Fort Brown, and is also on the Rio Grande.

One company of the Twenty-sixth infantry is ordered to Fort Brown to take the place of the colored troops.

The company ordered to Fort Brown is made up of white men. This shifting about of troops was made subsequent to a report from Major C. W. Penrose on the situation at Fort Brown and after an appeal by Senator Culberson to President Roosevelt.

In his report Major Penrose says he was persuaded that the killing of one citizen in Brownsville and the wounding of another were the work of soldiers, although he has been unable as yet to discover who the guilty men are.

MANCHURIA IS FAST ON REEF

RUNS AGROUND WITH MANY DISTINGUISHED PASSENGERS ON BOARD.

ENGINES REVERSED AT FULL SPEED, BUT WAS TOO LATE—[illegible] MAY BE [illegible]

HONOLULU, Aug. 20.—The Manchuria, belonging to the Pacific Mail Steamship company and commanded by Captain J. W. Saunders, is on the reef at Rabbit island, with many distinguished persons on board. Among her passengers are Major General James F. Smith, the new governor general of the Philippines, accompanied by his wife, and Judge N. W. Gilbert, of the court of first instance of Manila, with his bride. General Smith is on his way to Manila to take the oath of office as governor general of the Philippines.

The Manchuria also had on board eight missionaries bound for China and Korea.

The Manchuria struck bow on during a heavy rainstorm, about 4:30 o'clock this morning. She was considerably out of her course.

Rabbit island is a small speck in the sea, close to the windward side of the island of Oahu on which Honolulu is located. The coast here is unusually dangerous, owing to the on-shore seas.

The steamer lies about 300 feet from the main shore. It is feared it may be a wreck.

Governor Carter is among those who have gone in automobiles to bring friends to their homes. Some of the passengers, including General Smith, and the mails will be brought to Honolulu at once. A detailed report received overland from Waimanalo says that the Manchuria has not yet made any water.

Captain Saunders mistook another point of land for Makapuu point. He saw land ahead shortly before the vessel struck and reversed the engines at full speed, but it was too late to avert the accident.

The passengers, numbering nearly 200, are being landed at Waimanalo, and most of them will be brought to Honolulu over the Pali road. The 800 Asiatics will be placed on island steamers and brought around by sea. There is no danger of loss of life.

KEPT A SCHOOL OF INSTRUCTION

GAS COMPANY EMPLOYES WERE TOLD NATURE OF FRANCHISES AND HOW TO VOTE.

DENVER, Aug. 20.—W. C. Baskin, an inspector in the employ of the board of public works, during the hearing of the franchise cases before Judge Ben B. Lindsey today, testified that a school of instruction was maintained at the offices of the Denver Gas and Electric company prior to the election, at which different speakers, including W. G. Smith, a representative of the Tramway company explained to the employes of the gas company and workers for the franchise the nature of the franchises and how to vote for them.

This is the first direct evidence adduced to establish a community of interest prior to the election of the gas company, and the tramway company on the franchises, a joint interest which has been denied by the Tramway company.

BRYAN'S WISH IS ENTIRELY DISREGARDED

ILLINOIS DEMOCRATS WILL NAME NEBRASKAN DESPITE HIS OBJECTIONS.

STORMY TIMES EXPECTED IN CONVENTION—WORDING OF RESOLUTIONS BONE OF CONTENTION.

PEORIA, Ill., Aug. 20.—Whether it pleases him or not, William J. Bryan will be indorsed as the next presidential candidate of the Democratic party by the state convention of the Illinois Democracy, which will be called to order tomorrow morning.

Mr. Bryan has stated that under certain conditions he does not care for the indorsement of the Illinois Democracy, but this will have little bearing on the convention, and Mr. Bryan will be indorsed irrespective of the fact that he has announced that he does not care for the approval of the Democrats of the state officially expressed, if Roger C. Sullivan, of Chicago, is allowed by the convention to retain the position of national committeeman, to which he was elected in 1904.

It is expected there will be stormy times in the convention, but all debates will lead to the same ending, which will be the indorsement of Mr. Bryan as a presidential candidate. If his friends are successful in their attempt to gain control of the convention, he will be approved as a matter of course. If the men to whom Mr. Bryan has said that he is opposed are successful in retaining control of the party organization, they will indorse him no matter what he says.

The friends of Mr. Bryan have been positive in their statements that if the convention does not call for the resignation of Roger C. Sullivan as national committeeman for Illinois they will fight with all their strength against the passage of any resolution indorsing Mr. Bryan. If they are not able to control the convention, and the indications tonight seem to be against them, they will be unable to prevent the indorsement from going through.

So confident, in fact, are the Sullivan forces that they are to dominate the convention that the indorsement of Mr. Bryan is already drawn up. It contains a little stinger to the effect that while Illinois Democrats are strongly in favor of Mr. Bryan, they are also emphatically [illegible] without interference from outside.

The fight on the floor of the convention is expected to arise over the wording of the resolution indorsing Mr. Bryan. That wing of the party which claims to be especially in his confidence desires that in this resolution there shall be a condemnation of Roger C. Sullivan and of the manner of his election as a member of the national committee, together with a request for his resignation. The Sullivan people are against the insertion of any matter regarding Sullivan in the Bryan resolution, but say that they have no objection to having it brought up in the convention as a separate affair.

Both parties are tonight making claims of being able to control the convention tomorrow. Sullivan claims that he will have fully [illegible] per cent of the delegates, and that he will carry the convention from first to last without the slightest trouble. The majority rule league, composed of those men who are in touch with Mr. Bryan, claim that this statement of Sullivan is absurd and say they will have control of the situation. They decline, however, to give figures. The outlook tonight is that the convention will sustain Sullivan, refuse to ask his resignation, do nothing that Bryan demands, and will then indorse him in the most flattering manner.

The action for or against Sullivan and consequent control of the party, is the actual issue in the convention. Candidates will be named, however, for state treasurer, superintendent of public instruction and for three trustees of the University of Illinois. For state treasurer, Charles V. Thomas, of McLeansboro, is most prominently mentioned, and Caroline Grout of Pittsfield seems to have the nomination for superintendent of public instruction at her mercy.

CANNON NOMINEE FOR PRESIDENCY

REPUBLICANS OF ILLINOIS WILL NAME "UNCLE JOE" IN CONVENTION—SMALL ATTENDANCE.

SPRINGFIELD, Ill., Aug. 20.—The feature of the Republican state convention, which will meet here tomorrow will be the indorsement of Speaker Joseph G. Cannon, as the nominee for the presidency in 1908. This action was decided upon tonight at a conference of state party leaders held at the state house.

All factions in the party united in the movement to give Speaker Cannon's presidential boom as enthusiastic a send off as possible and a resolution indorsing his candidacy will be presented to the convention. Another interesting event will be the indorsement of Senator Cullom for re-election to the United States senate.

The convention will not be as largely attended as usual, on account of there being [illegible] few [illegible] fewer preliminary contests of importance for the nominations. The hot weather is [illegible] also affecting the attendance [illegible].

RISING BREAST

And many other painful and serious ailments from which most mothers suffer, can be avoided by the use of "Mother's Friend." This great remedy is a God-send to women, carrying them through their most critical ordeal with safety and no pain. No woman who uses "Mother's Friend" need fear the suffering and danger incident to birth; for it robs the ordeal of its horror and insures safety to life of mother and child, and leaves her in a condition more favorable to speedy recovery. The child is also healthy, strong and good natured. Our book "Motherhood," is worth its weight in gold to every woman, and will be sent free in plain envelope by addressing application to Bradfield Regulator Co. Atlanta, Ga.

SCHECK MURDERER GOES TO PRISON

Ernest G. Stackpole, charged with the murder of Joel Scheck, formerly of Colorado Springs on June 4, was found guilty Sunday at Los Angeles, Cal., and his punishment fixed at life imprisonment in the state penitentiary. Mrs. Arilla Scheck, wife of the murdered man, will soon be tried as a confessed accomplice in the execution of the crime. Stackpole was convicted by the confession of Mrs. Scheck.

CONSUMPTION THREATENED.

C. Unger, 211 Maple St., Champaign, Ill., writes: "I was troubled with a hacking cough for a year and I thought I had consumption. I tried a great many remedies and was under the care of physicians for several months. I used one bottle of Foley's Honey and Tar. It cured me, and I have not been troubled since." For sale by the Hefley-Arcularius Drug Co.

Mrs. Angenette E. Peavey, 724 North Tejon street, left for the east last evening, accompanied by her daughter, Dr. Josephine L. Peavey, and her nephew, Joseph Russell. Mrs. Peavey goes to Wisconsin to visit with her brothers and their families, while Dr. Peavey and Mr. Russell will spend about six weeks in Boston and vicinity.

A MYSTERY SOLVED.

"How to keep off periodic attacks of biliousness and habitual constipation was a mystery that Dr. King's New Life Pills solved for me," writes John N. Pleasant, of Magnolia, Ind. The only pills that are guaranteed to give perfect satisfaction to everybody or money refunded. Only 25c at the Hefley-Arcularius Drug Co.

Guy Jones, son of Dr. A. B. Jones, of Wakeeney, Kas., is spending a short vacation in Colorado Springs. In company with John Proudfit, Mr. Jones made the ascent of Pike's Peak Saturday night, arriving in time to see the sun rise.

Life Insurance.

For twenty-five cents you can now insure yourself and family against any bad results from an attack of colic or diarrhoea during the summer months. That is the price of a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, a medicine that has never been known to fail. Buy it now, it may save life. For sale by all druggists.

ONE OF THE LONGEST STRETCHES OF DOUBLE TRACK IN THE WORLD,

under one management is that of the Grand Trunk Railway System from Chicago to Montreal and to Niagara Falls. The Grand Trunk-Lehigh Valley Double Track Route via Niagara Falls reaches from Chicago to New York.

Descriptive literature, time tables, etc., will be mailed free on application to George W. Vaux, A. G. P. & T. A., Grand Trunk Railway System, 135 Adams street, Chicago.

MORE SIDEWALKS AND ARC LIGHTS

At the city council meeting last night a resolution recently passed by the council, ordering sidewalks laid on Nevada avenue from Cache la Poudre to Fountain, was changed to read from Cache la Poudre to Moreno.

A petition was read asking that cement walks be ordered laid on Franklin street between Platte avenue and High street. Residents of this section appeared and spoke both for and against the petition. It was referred to the street committee.

Alderman Holden gave notice that at the next meeting he would introduce a resolution ordering sidewalks laid on Seventh street from Huerfano to Grant, on Eighth from Washington to Grant, on Ninth from Washington to Huerfano, on Tenth from Colorado avenue to Grant, and on Eleventh from Washington to Grant.

A bill of Fairley Brothers and Fairley for $297 for furnishing the new city hall, was brought up. This bill has been hanging fire for two years. A motion to refer the bill to a committee was lost on a vote of four to four, and another motion to pay the bill was lost on a vote of four to four. Aldermen Verner, Allen, Hossman and Hill wanted to pay the bill. Aldermen Tucker, McCaffery, Seldomridge and Holden voted in the negative.

Arc lights were ordered placed at the corner of Dale and Cascade, and at Lincoln and Elmite streets.

Bills for $15,102.92 were allowed.

Council adjourned until next Monday evening.

Personal Mention

Mr. and Mrs. E. W. Schubert of Boise, Ida., are guests at the Antlers.

Robert L. Burgess of Jackson, Tenn., is spending a few weeks in Colorado Springs.

Miss Agnes Dorsey of Chicago, formerly of Colorado Springs, is the guest of friends in this city.

Mrs. Carl Boltz and children of Denver are guests of Mrs. A. A. Walling, sister of Mrs. Boltz.

Chamberlain's Colic, Cholera and Diarrhoea Remedy Better Than Three Doctors.

"Three years ago we had three doctors with our little boy and everything that they could do seemed in vain. At last when all hope seemed to be gone we began using Chamberlain's Colic, Cholera and Diarrhoea Remedy, and in a few hours he began to improve. Today he is as healthy a child as parents could wish for."—Mrs. B. J. Johnson, Linton, Miss. For sale by all druggists.

Mr. and Mrs. R. P. Davis arrived from Garden City, Kas., yesterday, and are registered at the Antlers. They intend leaving today for Glenwood Springs with a party of friends on a camping trip.

"I had diabetes in its worst form," writes Marion Lee of Dunreath, Ind. "I tried eight physicians without relief. Only three bottles of Foley's Kidney Cure made me a well man." It is a medicine free from poisons and will cure any case of kidney disease that is not beyond the reach of medicine. For sale by Hefley-Arcularius Drug Co.

COUNCIL GIVES $150 TO PRESS CLUB FUND

The city council last night voted an appropriation of $150 to aid the Pike's Peak Press club in entertaining the delegates to the convention of the International League of Press clubs, to be held in Denver and Colorado Springs August 28 to September 2.

RATES EAST.

TOURIST CREATES REAL "ROUGH HOUSE"

Theodore C. Hagens, 20 years old, a tourist from the south, spent ten minutes yesterday afternoon in throwing billiard balls, cues and soda glasses around the Brunswick billiard and pool room. The young man was intoxicated and got into a disagreement with the owner of the hall. A riot call was telephoned to the police station, and the young man was arrested by Officer [illegible]. Hagens damaged the mirrors and furniture about the hall to the extent of $100.

EPILEPTIC FITS CURED

Both sexes and all ages are liable to epileptic fits [illegible] no matter how serious the case [illegible] of how long standing, Elixir Kosine, the discovery of a famous Washington scientist, will cure the dread disease. The D. Y. Butcher Drug Co. obtained the local agency for this scientific remedy as soon as they heard it.

Elixir Kosine is positively guaranteed by its discoverer to cure epileptic fits and all nervous and spasmodic twitchings and affections. So confident is he that it will do this that he has instructed the D. Y. Butcher Drug Co. to sell it under a positive guarantee that the money will be refunded should it fail. You run no risk in buying Elixir Kosine, as one of the best known druggists absolutely agrees to return your money if it does not cure. Price [illegible]. Mail orders filled. The Kosine Co., Washington, D. C., or the D. Y. Butcher Drug Co., Colorado Springs.

OFFERS COLORADO CITY AND MANITOU FREE STREET LIGHTS

To offer to furnish a city which is now paying 12½ cents per kilowatt hour for its lights, with electric lights for street use free of charge is something out of the ordinary; yet that is the proposition made last night by William Gessford to the Colorado City council. Tonight the same proposition will be submitted to the Manitou city council. Mr. Gessford offers to furnish Colorado City with all the electric current necessary to light the city free of charge, provided the city will erect and maintain at its expense the necessary system of poles, wiring and street lamps. The city is to receive the current at the company's plant, which is to be located near Manitou on French creek. The system of wiring furnished by the city is to be of a size sufficient to carry the current which is to be sold in the city for domestic purposes.

Following is Mr. Gessford's proposition, which was referred to a committee of the whole:

"To the Honorable Mayor and Council of the City of Colorado City, Colorado, Gentlemen:

"I hereby make the following proposition to the city of Colorado City for myself and associates, that we will furnish the said town with electricity for the purpose of street lighting and to be used for business and domestic purposes.

"We purpose to erect a plant to generate electricity in close proximity to the towns of Manitou and Colorado City, for the purpose of selling the product at a profit.

"It is proposed that the towns of Manitou and Colorado City receive all the current necessary to light the streets of the said towns at their present lighting capacity, free of charge.

"Provided, however, that the said cities will erect and maintain at their own expense the necessary system of poles, wires and street lamps that are at present used, or that may be required in the future for the proper distribution of the power and lighting currents. The said cities to accept the electric current at the company's generating plant and to furnish a system of wiring of sufficient size and capacity to receive and carry all the electric current needed, or used, in the street lighting system and for domestic consumption within the respective cities.

"Provided, however, a proper and just agreement can be made for the rate, or price, of electricity for use in business houses and residences as between the company and the two cities for a period of not less than twenty (20) years.

"Hence, I respectfully request that your honorable body appoint and designate a committee, at this meeting, with full power to act upon the matter herein set forth.

"And, that the said committee will meet and confer with a committee from the town of Manitou, and myself, relative to the proposition herein stated, for the purpose of formulating a fair and just agreement, one that will be just to the cities and to the owners of the plants.

"In conclusion will say, the question of a cheaper rate for electricity and the building of a municipal electric lighting plant, has been agitating the public mind for the last year. In submitting the proposition of my company to furnish the city with free current for street lighting purposes for a period of twenty (20) years and the fact that the cost of lighting homes will be placed in the reach of all by a low reduction in lighting rates, and the fact that the city practically owns its lighting system, without the cost of a generating plant, cannot but appeal to the property owners and the taxpayers of this city.

"Hoping that these suggestions will meet with your approval and warrant immediate action, I remain, yours for more light,

"Respectfully,
"WILLIAM GESSFORD & CO."

After investigating and postponing action concerning the purchase of gravel for the streets of Colorado City for almost a year, the council last night voted to purchase three acres of gravel, owned by Ed Rittinger, a member of the Colorado City police force, adjoining the two-acre plot of ground between Palmer road and the Bear creek canon road, for the sum of $100. Mayor Murray and Alderman Hickson voted against the purchase of the ground.

An ordinance regulating traffic on Colorado avenue between Seventh street and the eastern limits of Colorado City was introduced and ordered printed. It excludes vehicles, the weight and burden of which exceed 4,000 pounds, except in the cases of automobiles with rubber tires or vehicles with tires not less than four inches in width, from traveling on Colorado avenue for more than one block, and then only when delivering goods to some place on Colorado avenue in that block.

A. Easterman, proprietor of the Columbine, and A. Baumgartel, proprietor of the Little Gem saloon, who were arrested on Sunday, August 5, for opening their saloons on Sunday, and were later fined $100 and costs each, appeared before the council and asked to have their fines remitted.

On motion of Alderman Kayabier, seconded by Alderman McNulty, the matter was referred to the committee of the whole.

Mr. and Mrs. George J. Knott of Chicago took the burro trip to Pike's Peak Saturday afternoon, stopping over night at the camp near timber line and returning Sunday. Mr. Knott was chairman of the eight-hour committee of the International Typographical union convention.

CONCERT TONIGHT

MESSRS. STEVENS AND WORTHINGTON WILL GIVE MUSICAL AT PERKINS HALL

Roland W. Stevens, musical director of Colorado College [illegible] organist of the First Presbyterian church, assisted by Arthur W. Worthington, bass soloist, will give a concert at Perkins hall tonight. CASTELLO SAILS FOR GERMANY AUGUST 30

President F. F. Castello, of the Colorado Springs Mining Exchange association, will leave next Saturday for New York, whence he will sail August 30 in the steamship "America" for Hamburg. There he will join his wife and family, who have been touring Europe this summer.

In the party now abroad are Mrs. Castello, Miss Clara Castello, two children and Miss Alice Miksell. They have visited Italy and Switzerland, and with Mr. Castello will sail for home about November 1.

Mr. Castello, in addition to being president of the local mining exchange, is president of the Mary McKinney Mining company, and a director and prime mover in the recently-organized Cripple Creek Drainage and Tunnel company.

MOOSE MEETING IS POSTPONED TO AUG. 22

The annual stockholders' meeting of the Moose Gold Mining company, which was to have been held in this city yesterday afternoon, has been postponed until August 25. The principal business of the meeting will comprise the election of a vice president and a secretary to fill the offices now vacant. J. R. Glasser of this city is president of the company.

The Moose Gold Mining company is a close corporation, and exact figures regarding its production are impossible to obtain, although the property is known to have produced more than $500,000. The territory comprises 30.4 acres on Raven hill, all patented. The Moose and Ben Harrison are the principal claims. A complete surface plant, pumps and stations are established, although no work is now being done on the property. The main shaft is down 1,100 feet, a correspondingly large amount of lateral work having been accomplished.

KNIGHTS OF HONOR HERE—The grand lodge of the Knights of Honor of Colorado opens its sessions in Carpenters hall in this city today. About 100 delegates and visitors will be present.

Weak, Weary Women

Learn the Cause of Daily Woes and End Them.

When the back aches and throbs.
When the housework is torture.
When night brings no rest nor sleep.
When urinary disorders set in,
Women's lot is a weary one.
There is a way to escape these woes.
Doan's Kidney Pills cure such ills.
Have cured women here in Colorado Springs.

This is one Colorado Springs woman's testimony.

Mrs. Sarah Marine, of 16 St. Vrain St., Colorado Springs, Colo., [illegible] of the [illegible] Club writes: "I suffered for three years with severe backache. The doctors told me my kidneys were affected and prescribed medicine for me, but I found that it was only a waste of time and money to take them, and began to fear that I would never get well. A friend advised me to try Doan's Kidney Pills. Within a week after I began using them I was so much better that I decided to keep up the treatment, and when I had used a little over two boxes I was entirely well. I have now enjoyed the best of health for more than four months, and words can but poorly express my gratitude."

Plenty more proof like this from Colorado Springs people. Call at D. Y. Butcher Drug Co.'s store and ask what their customers report.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Mrs. W. H. R. Stote, of Colorado Springs.

DUNCAN SENTENCED TO REFORM SCHOOL

For attempting to rob the Elwell bank in the Ernest and Cranmer building, Denver, several weeks ago, Duffield Knox Duncan yesterday was sentenced to the state reformatory at Buena Vista, by Judge John I. Mullins in the Denver district court. John C. Hastings, Duncan's accomplice, was sentenced to the penitentiary for three to five years. Both pleaded guilty.

Duncan is known in Colorado Springs. Last spring he came to Colorado from the east, after having repeated disagreements with his guardian and being discharged from several universities. A large sum of money left him by his father was squandered in fast living. He worked on newspapers in Denver and then secured a situation in this city, from which he was discharged. Afterward, losing a position as promoter of publicity for Manitou, he went to Denver, fell in with Hastings, and according to his story, was led astray.

Hastings and Duncan formulated a plan to rob the bank. Duncan was to slug the proprietor, after which Hastings, on guard outside, was to aid in looting the place. Duncan did the slugging, but his weapon broke and the two men were captured. Hastings assumed all the blame.

BAND TO PLAY AT MANITOU TONIGHT

Director Irvine announces the following program for the Midland band concert at Manitou Soda Springs park tonight beginning at 8 o'clock:

March, "The Thunderer," (by request)	Sousa
Selection, "The Runaway Girl"	Caryll-Monckton
Sextet from "Lucia di Lammermoor"	Donizetti
Overture, "Poet and Peasant" (by request)	Suppe
INTERMISSION.	
Dance of the Hours from "La Gioconda"	Ponchielli
Selection from "Il Trovatore"	Verdi
Humoresque, "Everybody Works but Father"	Jean Havez

Ernest Maund and family of 917 South Nevada avenue have gone to Boston, where they will visit Mrs. Maund's parents. Mr. Maund will make a trip to his old home in England and when he returns the family will move to Oregon, where Mr. Maund is interested in several mining propositions. Mr. Maund is president of a recently-organized company which holds property adjoining one that sold a few days ago for $500,000.

Miss Lola Shelton, who has been the guest of friends in this city, left yesterday for Denver.

WHAT JOY THEY BRING TO EVERY HOME

as with joyous hearts and smiling faces they romp and play when in health and how conducive to health the games in which they indulge, the outdoor life they enjoy, the cleanly, regular habits they should be taught to form and the wholesome diet of which they should partake. How tenderly their health should be preserved, not by constant medication, but by careful avoidance of every medicine of an injurious or objectionable nature and if at any time a remedial agent is required, to assist nature, only those of known excellence should be used; remedies which are pure and wholesome and truly beneficial in effect, like the pleasant laxative remedy, Syrup of Figs, manufactured by the California Fig Syrup Co. Syrup of Figs has come into general favor in many millions of well informed families, whose estimate of its quality and excellence is based upon personal knowledge and use.

Syrup of Figs has also met with the approval of physicians generally, because they know it is wholesome, simple and gentle in its action. We inform all reputable physicians as to the medicinal principles of Syrup of Figs, obtained, by an original method, from certain plants known to them to act most beneficially and presented in an agreeable syrup in which the wholesome Californian blue figs are used to promote the pleasant taste; therefore it is not a secret remedy and hence we are free to refer to all well informed physicians, who do not approve of patent medicines and never favor indiscriminate self-medication.

Please to remember and teach your children also that the genuine Syrup of Figs always has the full name of the Company — California Fig Syrup Co. —plainly printed on the front of every package and that it is for sale in bottles of one size only. If any dealer offers any other than the regular Fifty cent size, or having printed thereon the name of any other company, do not accept it. If you fail to get the genuine you will not get its beneficial effects. Every family should always have a bottle on hand, as it is equally beneficial for the parents and the children, whenever a laxative remedy is required.

COLORADO SPRINGS GAZETTE
THE OLDEST REPUBLICAN DAILY NEWSPAPER IN COLORADO.

PUBLISHED EVERY DAY IN THE YEAR AT THE GAZETTE BUILDING BY THE
COLORADO SPRINGS GAZETTE COMPANY.

ONE YEAR, WEEKLY $1.00

The Gazette is the only newspaper in Colorado Springs which receives the full report of the Associated Press every day of the week.

TUESDAY, AUGUST 21, 1906.

BRYAN'S BELIEFS.

GENERAL GRANT'S remark that the Democratic party could always be depended on to make a fatal mistake at a critical time is as true today as it was thirty years ago, and being a Democrat Mr. Bryan purposes [illegible] he can to demonstrate the fact. The last two or three months have been a very critical period in his political career. After looking the field over the "safe and sane" Democrats found no other man in sight to lead the 1908 ticket, and as a leader was an imperative necessity they turned, in sheer desperation, to Bryan, consoling themselves with an imagined discovery of "conservatism" in this most radical of all Democrats. If Bryan had merely kept still and tried to look the part things might have gone well, but, of course, he couldn't do it. He was not asked to repudiate the old doctrines that have made him anathema [illegible] the more conservative wing of his party for ten years; they were willing to let bygones be bygones, and asked only that he refrain from indulging in further twaddle about his free silver and other hobbies.

Here was Bryan's opportunity, but as usual he made the worst of it. As if to scare away as many votes as possible he availed himself of the first chance to announce that he not only was not a conservative, but was more radical than ever. Not satisfied with the mere assertion of his radicalism he proceeded to produce proof. First came the report from England that his plan of settling the railroad question was to turn the railroads over to the control of the forty-five states, a hodge-podge arrangement which would inevitably result in the utter demoralization of every transportation system engaged in interstate commerce.

Mr. Bryan's second vindication of the charge of conservatism is contained in his proposal for the "destruction" of the trusts. His plan seems to be to bring them to terms by shutting down their plants and discharging their employes. This, according to Bryan, would cause them to obey the law. By the [illegible] a horsethief whose head is cut off will never steal another horse, but that fact in itself does not always justify cutting off his head. As to the tariff, the great conservative leader of the safe and sane Democracy would repeal it altogether, substituting therefor free trade of the kind that brought such fearful and wonderful prosperity to the country in the days of the last Cleveland regime.

Mr. Bryan's thick and thin adherents give him great credit for proclaiming all this asininity to the world. They say it is an evidence of his courage and sincerity, but the plain fact is that it is simply an evidence that he is still the same stubborn, misguided zealot that he was in 1896 and in 1900. The world moves, but Bryan stands still. He travels abroad, sees, hears and talks with men of advanced ideas and ripe experience, but like the Bourbons of Eighteenth Century France he learns nothing, forgets nothing.

Fortunately for the conservative element of the Democracy, which two months ago looked at him as its leader, his boom has not gone so far that it is impossible for them to recede. Bryan will come home in a few weeks and will be welcomed at Madison Square Garden with all the hubdub and flummery that has been planned for him, but it is perfectly safe to predict that a good many of the real Democrats who a few weeks ago intended to take part in the affair will be conspicuous only by their absence. And as the months go by these men will steer farther and farther away from the Bryan [illegible] and it will be [illegible] only by the [illegible] Clique [illegible] Patterson.

THE FLOWER SHOW.

THE EXHIBITION [illegible] North Park yesterday [illegible] the annual flower and fruit show [illegible] Horticultural Society [illegible]. The exhibition will begin tomorrow [illegible] and if the extraordinary [illegible] counts for anything it will be one of the most successful affairs of the kind ever held.

Interest in the work of the Horticultural Society has been vastly increased during the last year. Its membership has grown and its activities have been extended. In every part of the city its influence is apparent in beautified lawns and gardens, the better care of [illegible] shrubs, grass plats in places where weeds once flourished unmolested, etc. Comparatively few people know that the Horticultural Society has had a hand in this work, but it is a fact nevertheless. A large number of the most public-spirited men and women in Colorado Springs are enrolled on its membership list and they have worked unceasingly for several years to make this a better place to live in. Their aim is to beautify the city by awakening a [illegible] interest in the cultivation of plant life.

It is a familiar saying that anything will grow in Colorado Springs with the aid of a little water. The gravelly soil does not appear to possess much fertility, but one has only to plant the seed and water it frequently and kind Nature does the rest. Of course, the degree of success attained in the culture of any kind of plant life, whether it be grass or American Beauty roses, depends mostly on the skill of the grower, and the few succeed where the many fail, but it is probably easier for the average person to successfully cultivate here the kinds of vegetation necessary to beautify a home than it is in other places where the soil is apparently more fertile.

Every year this fact is demonstrated at the flower show. Flowers of every conceivable variety that can be grown outdoors are shown, and their perfection is a constant surprise to visitors. Even more remarkable are the exhibits of fruits and vegetables. We do not know the quality of the products that have been entered for the show which begins tomorrow, but if they are up to the standard of last year's exhibition they will repay a visit to the tent in North Park. Peaches, pears, plums, apples, and many varieties of vegetables of exceptionally fine quality are raised in this county, and the best specimens are exhibited at the Horticultural Society's show.

THE CHILEAN EARTHQUAKE.

LATER REPORTS from Chile confirm the early rumors of a widespread and terrible disaster. Though the loss of life and property appears to be less than in the recent San Francisco earthquake, this is probably due mostly to the smaller population involved, though the different mode of construction may have had some effect in lessening the damage. Chile is an earthquake country and the houses are built to withstand severe shocks. Few of them exceed two stories in height and the walls are extremely thick. The extensive use of stone and brick, instead of wood, is also a preventive of fires.

The parallel between this disaster and the one which laid San Francisco in ruins last April is almost complete. First, a succession of shocks which tumbled down the houses and broke the water mains, then the rapid spread of fire. In each case the difficulty of securing water made the work of fire fighting almost hopeless, and in each case dynamiting was resorted to with partial success. The same conditions exist among the people of Valparaiso and Santiago that existed in San Francisco. Looting is being suppressed by the military by the simple and effective method of shooting the looters without warning. Almost the whole population of the two cities are homeless and have sought refuge in the hills, the parks and along the seashore. Business is at a complete standstill and a financial panic is expected.

Chile has had experience with earthquakes before now. In 1822 one shook the country for a distance of 1,200 miles from north to south, or nearly one-half of its length. A strip of coast thirty-five miles long was lifted from three to five feet, a phenomenon which seems to be quite common during seismic disturbances there. The geological conditions which prevail on the western coast of the United States evidently extend the entire length of both continents to Cape Horn, giving rise to the frequent earthquakes from which no spot on the coast seems to be entirely free.

Press Opinions

A LITTLE ICE NEEDED.

From the New York Tribune.

The "Novoe Vremya," of St. Petersburg, sees in a vision a war between Japan and the United States, and predicts that Japan will conquer, take Hawaii and the Philippines and occupy California. A little ice upon the head and a vacation as soon as possible seem desirable for the "Novoe Vremya."

◆ ◆

DIVORCE REFORM NEEDED.

From the Philadelphia Bulletin.

It is predicted that the coming investigation by the census bureau will show that at least 1,000,000 divorces have been granted in this country in the past twenty years. All the more reason, then, why the divorce laws of the several states should be made uniform.

◆ ◆

THE PAPER DOLLAR'S WESTWARD MARCH.

From the Cedar Rapids (Ia.) Gazette.

Let the dollar bills come. The silver dollar is a nuisance. The person with a few cartwheels about his clothes feels as though he were carrying about a whole mint of money. A small flat pocketbook will carry all the dollar bills the ordinary citizen has at one time, and not make his pockets look like those usually possessed by a small boy during the green apple season.

◆ ◆

WORLD'S MILITARY BURDENS.

From the Baltimore Sun.

A recent British Bluebook presents the annual military expenditure of the several great powers, exclusive of war expenditures, as follows: The United Kingdom, $157,000,000; India, $100,000,000; France, $127,000,000; Germany, $161,000,000; Austria-Hungary, $87,000,000; Italy, $57,000,000; Japan, $25,000,000; Russia, $194,000,000; the United States, exclusive of pensions, $115,000,000, and including pensions, $255,000,000. The United States, it thus appears, spends more than any other government in the world for military purposes, most of its military expenditure being for pensions. Whatever the object, its military burden is the heaviest in the world. British colonies cost not some $31,000,000 yearly, while the colonies spend on their own defense some $15,000,000 yearly.

◆

"ALL FOR THE LOVE OF A LADY."

From the Philadelphia Inquirer.

It is an old saying that there have been more wars caused by love for woman than enmity toward man. An extension of the thought would be that most crimes are committed on the same basis. This is not intended as a blow at womanhood, which, whatever its failings, is responsible for most of the good in the world. But the example of Adam has been followed for untold generations and the complaint constantly made: "The woman beguiled me, and I did eat." This is practically what is said by Wray, the defaulting bank teller of Pittsburg, who is coming home from Canada to face trial.

It ought to be set down to the credit of the embezzler that he makes no complaints. Though he was permitted to bask in the sunshine of the lady's favor for a brief time, he seems to have considered it worth the price he has to pay. According to reports, he wanted her at a time a millionaire was in the best strategic position, and to tempt her away he needed money. Having none of his own he took that of other people and won his prize. In ancient days this would have precipitated a war. Did not the whole of Greece besiege Troy because of the rape of Helen? The modern method is more prosaic. Instead of spears and shields detectives are invoked and the modern Paris has no chance for even mock heroics.

He goes to jail and the public forgets him because there are so many others.

"Millionaire or felon," cried Wray as he dipped his hands into the bank's till, a sentiment which every embezzler echoes under like circumstances. If there were even a sporting man's chance to win, the many efforts would not be surprising. On the contrary, betting on horses is a profitable employment compared with stealing from a bank. Exposure is sure to come and then—chaos. No doubt Wray knew this well enough, but when he thought of the smiles of his inamorata, how they were only to be purchased with gold, he determined to have the smiles and he got them. If this were the only way to win a good woman's favor there would be less blame to him. But the truth is that a woman who must be won in that fashion is not worth having, while those whose price is above rubies can be secured by the poorest man if he be upright.

LIEUT. PIKE'S DIARY

For One Hundred Years Ago Today

Thursday, 21st August.—In the morning the Cheveu Blanc paid us a visit, and brought a present [illegible]; we invited him, his son, and son-in-law to breakfast with us, and gave his companions something to eat; I then wrote a number of letters to send by express, and enclosed the deposition of Larme. In the afternoon we rode to the village of the Little Osage, and were received by our fellow travellers with true hospitality. Returned in the evening, when a tremendous storm of rain, thunder, and lightning, commenced, and continued with extraordinary violence until half-past nine o'clock. It was with great difficulty we were enabled to keep our tents from blowing down. The place prepared for an observatory was carried away.

EXTINCTION OF MORALS.

From the Philadelphia Public Ledger.

The arrest in Toronto of one Wray, a defaulting bank employe of Pittsburg, has resulted in a somewhat unusual expression of regret. Wray admits that he is a thief, that he stole for the purpose of gambling, but there is no expression of sorrow. "I had what I considered good tips on the fluctuations of the market," says the prisoner, "and at the rate I was going would have been a millionaire in a short time had the tips turned out all right." Not an expression of remorse, not a sign of compunction; only the intimation that the circumstance that placed misleading tips at his disposal had treated him unkindly.

Wray seems to think that had he risen to the proud status of a Pittsburg millionaire he would have owed no apology to his conscience. That he did wrong, that he earned his disgrace, that the excuse that he wanted to support a woman in the style to which she had been accustomed but adds to his obliquity, are thoughts that do not seem to occur to him even as faint suggestions.

The individuals of whom Wray is a specimen are degenerates. Either they have no moral perceptions or their evil impulses are so strong that these are without effect. They are willing to steal from anybody who will trust them, being lower than the pickpocket and the burglar, who at least may ply their vocations without breaking faith, and who, doubtless, have as valid an incentive as the desire to be a Pittsburg millionaire.

Scientists are now making practical essay in the direction of building up morals by producing a healthy physique. They operate, however, upon youth alone. If they had caught Wray some years ago, perhaps they could have so affected his development as to have made in his system some niche for the lodgment of honesty. The task would be hopeless now, and must be turned over to the less beneficent agency of the police.

The extinction of the moral sense renders a case beyond all cure. Wray and his kind cannot be made useful to society, and protection against them is difficult because they appear normal until some act betrays them and the damage has been done.

Colorado Comment

REPUBLICANS ARE SAFE.

From the Victor Daily Record.

Among those represented as possibilities for representative in congress from the Second district are Senator James Owen of Cripple Creek and Clyde Dawson of Canon City. There will doubtless be others. It is a Republican district, good and strong, and the man nominated by the Republican congressional convention will be elected.

◆ ◆

ITS PROPER PLACE.

From the Buena Vista Republican.

The Evening Telegraph has moved its headquarters to 426½ Colorado avenue, which it will be pleased to meet every one in the shretahrtahrtdaohrda everyone in the future.—Colorado Springs Telegraph, July 5.

Of course that is the proper place for the Telegraph to meet its patrons and visitors. We are having one attached to the Republican office.

◆ ◆

A GREAT YEAR FOR COLORADO.

From the Telluride Journal.

The Colorado Springs Gazette says that the present year is the best and most prosperous that the pleasure and health providing environs of "Little London" has ever experienced. This is equivalent to saying that it is the best year Colorado as a whole has ever had along this line.

In proof of its contention the Gazette cites the [illegible] of resorts at Manitou as an example. It says that Manitou's capacity for caring for visitors, including the boarding houses, cottages and tents, is more than 5,000 a day.

More than 10,000 people have spent two or more days each week in Manitou since the opening of the summer season. Thousands of transients are brought into the town every day by the street cars and carriages.

Between 12,000 and 15,000 people have gone to the summit of Pike's Peak over the Cog road since it was opened for the summer.

Between 1,200 and 1,500 people have made the ascent of the Peak on burros this summer. The visitors to the Cave of the Winds, since the first of July, have averaged between 400 and 500 daily, and all records were broken a few days ago.

Few people visit Colorado Springs and vicinity who do not go out into the state taking in some one or several of the other equally attractive localities, hence this summer is for all of Colorado one of the best the state has ever had, and next summer and each succeeding summer will be still better.

Near to Nature

NOTHING DOING IN WYTHEVILLE.

From the Wytheville (Va.) Enterprise.

This is the first time in a number of years that the Wytheville county jail has been entirely empty. Deputy Sheriff Robert E. Brown says this is the first time since he has been in office such a thing has occurred.

◆

A PEACEFUL ISSUE.

From the Kansas City Journal.

An old newspaper man tells Albert Reid that the only issue of his paper that he ever got out that didn't make any enemies was one issued when the entire force was drunk and the pressman forgot to [illegible] and a blank paper was mailed to the subscribers.

◆ ◆

SOME PUMPKINS IN GREENE COUNTY.

From the Greene County (Pa.) Democrat.

Henry C. Sayers, Sr., and wife will leave for Minneapolis next Wednesday by lake steamer at Cleveland, O., and make the trip by the waters of the great lakes, going direct to Duluth and from there to Minneapolis, being a trip by water nearly all the way except from Cleveland, O., where they embark. It surely will be a very picturesque and enjoyable journey on which they will feast their eyes upon magnificent scenery of both land and water, and be invigorated by the health-giving breezes of lakes and forests. Mr. Sayers is a veteran traveler.

◆

PIE TIME IN MAINE.

From the Bath (Me.) Anvil.

Now has arrived the gay and festive season of the year when the blueberry pie shares with the summer girl the esteem and lasting affection of all healthy people. The pie should have a thin and flaky crust and be allowed to come in just the right shade of brown. The lower "crust" should be not too thick lest it be soggy. Some paste around its rim strips of muslin to prevent the juice running out in some mysterious way. The blueberry pie properly made is a work of art [illegible] but as a gay deceiver something that is truly awful. And the same holds true of the raspberry pie and the strawberry pie, which latter few even otherwise good cooks can successfully make!

MANITOU NEWS

Mr. and Mrs. Pabst, guests of the Navajo, and Miss Tappan of Montcalme Sanitarium, assisted at the Sunday concert at the Navajo, Mr. and Mrs. Pabst playing a piano duet and Miss Tappan giving several solos. Miss Pauline [illegible] added much to the concert with her cornet solo, by Thomas.

Miss Hamfel, Kansas City; Julius Strauss and Blanche Cahn, Denver; A. M. Goessling and wife, St. Louis; Marian Northrup, Pittsburg; T. J. Rubey, Dallas; A. A. Hall, Alabama; Mrs. Jere Van Zandt and Mrs. A. S. Dingee, of Fort Worth, Texas, are registered at the Navajo.

Recent arrivals at the Grand View are: J. Clyde Smith, Chicago; Mrs. Otto Post and daughter, St. Louis; F. H. Dresser and wife, Harper, Kas.; C. D. Chesley, Des Moines, and James H. Fisher and wife, Memphis, Tenn.

A sacred concert was given at the Mansions hotel Sunday evening by Kerr's orchestra of St. Louis, assisted by Mrs. Moyer, soprano, of Louisville, and Edwin A. Sherman, basso, of Pueblo.

H. E. Tineman and wife, and Miss Agnes Culbertson, of Chicago, and Miss Margaret Dale, Evanston, Ill., compose a party registered at the Mansions.

Late arrivals at the Iron Springs hotel are H. A. Anderson, Alba, Neb.; H. H. Kirkpatrick and wife, Paris, Tex.; W. C. Fisk and brother, Excelsior Springs, Mo., and L. F. Quinn and family of Poplar Bluff, Mo.

Late arrivals at the Mansions are H. W. Whitehead, Shreveport, La.; Mrs. Sam Epstein, Kansas City; Robert Watt, Corsicana, Tex.; George C. Barker and wife, Denver.

Karl Kimmell, St. Louis; F. A. Grider and wife, Birmingham, Ala.; Miss Burke, Imperial, Neb., and Miss Benholf, of Alton, Ill., are late arrivals at the Cliff House.

M. Mathuson and family, of Wolbach, Neb., are registered at the Grand View. Mr. Mathuson is a prominent banker of that city.

Miss Louie Waggoner, of Wichita, is visiting her sister, Miss Mary Waggoner, of the Iron Springs hotel.

W. E. Paddock, of Evanston, Ill., and family are spending a few weeks at the Grand View.

David C. Gleeson, of St. Louis, is a late arrival, who helps to swell the crowd of St. Louisans at the Cliff.

M. C. Berkely and family of Burr Oak, Kas., are spending a few weeks at the Navajo.

Mrs. George L. Rappert, son and daughter, of Chicago, are guests at the Cliff House.

Henry Shad of Wichita, Kas., the sheriff of Sedgwick county, is a guest at the Iron Springs.

Miss Jennie Bentley and Paul Bentley, of Columbus, O., are guests at the Mansions.

M. E. Enstein and wife, and Adolf Zang, of Denver, spent Sunday in Manitou, registering at the Mansions.

J. F. Todd and H. A. Truholm, of Denver, were guests at the Iron Spring over Sunday.

The weekly hop at the Navajo hotel will take place this evening.

A. S. Walpole, postmaster of Pueblo, spent Sunday at the Mansions.

J. B. Brooks of Little Rock, Ark., is a late arrival at the Ruxton.

COLORADO CITY

A petition, with about 90 signers, asking for a rural free delivery for the residents of Arensdale, has been submitted to Postmaster Morgan. The petition will be forwarded to Washington, and an inspector will probably be sent to go over the territory and report to the postoffice department.

The cases of the State vs. William Barr on the charge of disturbance, the State vs. H. B. Quinby, on the charge of disturbance and the State vs. H. B. Quinby on the charge of assault with a deadly weapon on the person of William Barr, will be tried before Justice McCoach this afternoon at 4 o'clock.

Levi Frankfuther, formerly of Colorado City, now editor of the Glasgow Sun, of Glasgow, Kas., and his wife, Mr. and Mrs. Jean Frankfuther, and Mr. and Mrs. Albert Thompson are spending a few days in Colorado City.

Dr. C. F. Kyser, for some time a member of the Emergency hospital staff, and family, have moved from Colorado City to Conway Springs, Colo.

C. H. Bates, probation officer of Denver, accompanied by his family, is visiting Judge J. P. Bates in this city.

James McManus, who has been visiting in Colorado City for some time, has returned to his home in Springfield, Ill.

Mr. and Mrs. C. E. Courtney, of this city, have gone to Denver for a few weeks.

Miss M. C. Dixon, of Indianapolis, Ind., has returned to her home after a few weeks' visit in Colorado City.

Miss Mary McFarland, one of the teachers in the Colorado City public [illegible], is visiting in Denver.

A [illegible] was born to Mr. and Mrs. [illegible] Monroe [illegible]

A fine line of confectionery, all prices. C. M. SHERMAN'S.

NATIONAL BISCUIT COMPANY

MUSICAL TREAT

RECITAL AT GRACE EPISCOPAL CHURCH TONIGHT WILL ATTRACT MUSIC LOVERS.

A real musical treat is promised those who attend the recital at Grace Episcopal church this evening. The program, prepared by Mr. Sears, is a most interesting one. Mrs. Charles Arnold Logan, soprano, who is spending the summer in Colorado Springs, is to sing the famous "Elizabeth's Prayer," from Tannhauser, and also a solo by Sprose, "I Do Not Ask, O Lord," with violin obligato played by Mrs. Robert Briscoe. This is the only opportunity Colorado Springs people will have to hear Mrs. Logan in a recital program. The church trio will be heard in two delightful numbers, "Moderato," by Gade, and "Zwiegesprach," by Pache. The trio has attracted a great deal of attention by their rendition of the classics at the Sunday evening musical services at Grace church. With numbers by Mrs. Robert Briscoe, Morris M. Rathbun and Mr. Sears, the entertainment promises to be most delightful. The program:

Organ Solo—(a) "Fantasie in E Minor" .... Merkel
(b) "Intermezzo" .... Macbeth
Violin Solo—"Romanza" .... Becker
Mrs. Robert Briscoe.
Soprano Solo—"Elizabeth's Prayer," from Tannhauser .... Wagner
Mrs. Charles Arnold Logan.
Trio "Zwiegesprach" .... Pache
Violin, Cello, Organ.
Organ Solo—(a) "Offertory" St. Cecilia No. 2 in D Major .... Batiste
(b) "Berceuse" .... Kinder
Cello Solo—"Prayer" from Reinzl .... Wagner
Mr. Morris M. Rathbun.
Soprano Solo—"I Do Not Ask, O Lord," Violin Obligato .... Sprose
Mrs. Charles Arnold Logan.
Trio—"Moderato" from Novelletten" .... Gade
Violin, Cello, Organ.

WHAT THE PRESS AGENTS SAY

"LOOKING FOR A WIFE."

The following advertisement recently appeared in one of New York's large daily newspapers:

"Wanted, A Wife. Size and looks not necessary. Only one that knows how to spend money need apply."

A well-known playwright thinking to perpetrate a practical joke on the author of the "ad" began correspondence which resulted in his taking a trip to Bluff Beach, N. J. While being an unsuspected witness to the many funny predicaments encountered by the wife-wanter, decided that they would make a most amusing plot for a farce comedy. On returning to his home he proceeded to incorporate these situations into a play and gave it the title, "Looking for a Wife." This same farce-comedy, embellished with many pleasing musical numbers, specialties, a chorus of pretty girls and presented by a company of extraordinary merit will be the attraction at the Opera House on next Monday evening, playing here for one night only.

The management have prepared the scenic and costuming effects with an unusual amount of skill and at a great expense, so as to be able to promise a far better performance than the average musical comedy.

"THE PRINCESS OF PATCHES" AT THE OPERA HOUSE

Arington's comedians will give two performances at the opera house today. A souvenir matinee this afternoon and this evening. They will present the pastoral comedy drama in four acts, "The Princess of Patches," Mayme Arington appearing in the part of Selma Silverthorne, "The Princess of Patches"; Mr. C. D. Hatfield as Weary Waggles, a philosopher in rags; Thomas Pawley as Jack Merry, a northerner; A. J. Cole as Judas, an octoroon ex-slave, and Ogarita Hatfield as Phoebe, his wife. The other members of the cast are Charles Cunning, Jack Fraser, B. J. Blethen and Lea Mode. Baby Helen, Baby Ines and Baby Ody will appear in their pleasing specialties. The company presented their popular play, "Sandy Bottom," last evening to a good house. Mayme Arington was a strong favorite with the audience, appearing in the character of Sue Newson. The play was well received by the audience. The Opera house should be crowded this afternoon at the candy matinee. Matinee prices, Children 10c, adults 25c. Evening prices, 10c, 20c, 30c and 50c.

HARMER'S ACCOUNTS ARE JUST $650 SHORT

The accounts of Walter A. Harmer, defaulting assistant city ticket agent of the Santa Fe, are just $650 short. Auditor Taylor has completed the examination of the books, and finds that the shortage amounts to this sum. The police have no clews in regard to the young man's whereabouts, but it is still believed by those who knew him intimately that he has gone to Mexico. Search for his body has been given up and the suicide theory abandoned, as it is known that he left the Springs for the south Friday night on Santa Fe passenger train No. 6.

"Self reliance" is a great literary essay and a great business necessity.

You need it in your business but you can't get it by reading in a book.

You must *eat* rightly. If you haven't struck the success food yet, try

Apitezo

the cereal that contains vegetable iron, and a proper proportion of every other food element that your system needs.

Apitezo is *all* food—it yields the maximum nutriment while requiring a minimum of work of the stomach.

Apitezo builds up tissue, enriches the blood, energizes the system. It tastes good and does good to everybody—invalid, man or woman, boy or girl. Try with cream for a month and then change to anything you like better.

Put up in two forms, Apitezo Biscuits and Apitezo Grains; the quality is the same in both.

Sold by grocers everywhere.

Don't You

take our word for it, be your own judge of the range bargains which we are offering.

Fall Suits for Boys

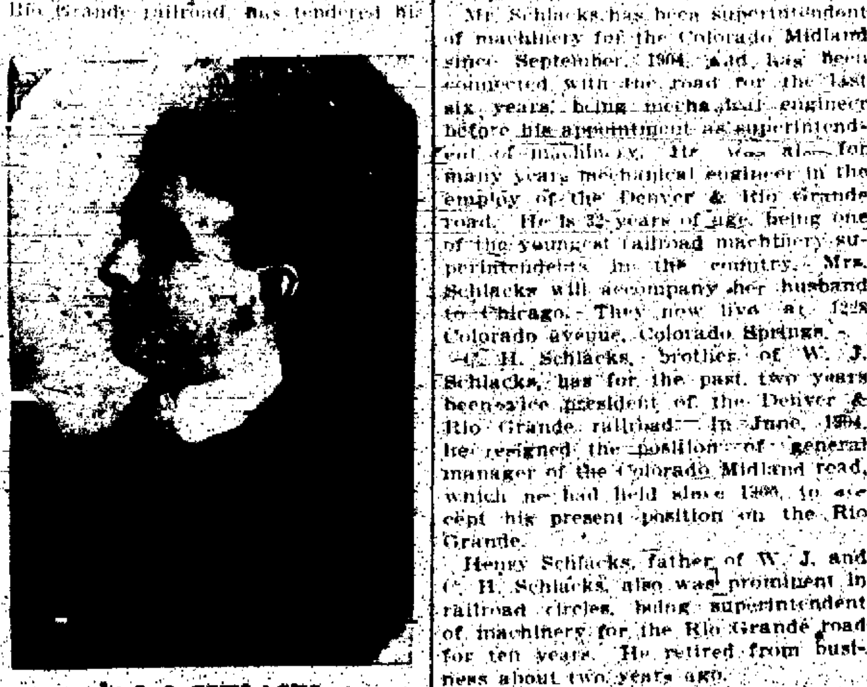
[illegible] most [illegible] of [illegible] September, the last two weeks. The [illegible] usually spent outfitting the boys with [illegible] fall and winter clothes. Of course you want the new styles and you want the best that you can buy for the money. In our showing of the new styles and fabrics in boys' and youths' suits for [illegible] you have the very best that can be manufactured. With every suit sold we give you a guarantee of absolute satisfaction or a new suit [illegible].

In our selection of boys' suits we were just as careful as we were [illegible], selecting only the best. Bring the boys in and try on the new models. See how perfectly they fit; how reasonably priced.

Holbrook & Perkins

SCHLACKS TO LEAVE MIDLAND; GETS POSITION WITH M'CORD AT CHICAGO AT $7,000 A YEAR

W. J. Schlacks, superintendent of machinery for the Colorado Midland railroad, and a brother of Vice President C. H. Schlacks, of the Denver & Rio Grande railroad, has tendered his



W. J. SCHLACKS.

resignation, effective September 1, to accept the management of the central department of McCord & company, Chicago, wholesale manufacturers of railroad supplies. Mr. Schlacks will have headquarters in the Old Colony building, Chicago. It is understood a salary of $7,000 per year is attached to the position.

Mr. Schlacks has been superintendent of machinery for the Colorado Midland since September, 1904, and has been connected with the road for the last six years, being mechanical engineer before his appointment as superintendent of machinery. He was also for many years mechanical engineer in the employ of the Denver & Rio Grande road. He is 32 years of age, being one of the youngest railroad machinery superintendents in the country. Mrs. Schlacks will accompany her husband to Chicago. They now live at 1228 Colorado avenue, Colorado Springs.

C. H. Schlacks, brother of W. J. Schlacks, has for the past two years been vice president of the Denver & Rio Grande railroad. In June, 1904, he resigned the position of general manager of the Colorado Midland road, which he had held since 1900, to accept his present position on the Rio Grande.

Henry Schlacks, father of W. J. and C. H. Schlacks, also was prominent in railroad circles, being superintendent of machinery for the Rio Grande road for ten years. He retired from business about two years ago.

No successor to W. J. Schlacks as superintendent of machinery has been appointed, according to C. C. Vining, general superintendent of the Colorado Midland. Many applications are in, but no choice has been made.

SCHOOL BONDS CARRY—WORK ON BUILDINGS TO BEGIN SOON

Although there are several thousand qualified voters in school district No. 11, only 31 votes were cast at the election yesterday, at which it was decided to issue $25,000 bonds for the erection of school buildings in Colorado Springs. Twenty-nine of the taxpayers who took the trouble to ballot favored the issuance of bonds, while two lone votes were recorded in opposition.

This is the low record for the number of votes cast at any public election in Colorado Springs, but in 1901, when an election was held to determine whether $100,000 bonds for a similar purpose should be issued, only 35 votes were cast. The reason assigned is that the taxpayers recognize the necessity for the additional facilities.

The revenue derived from the sale of the bonds will be used to erect a four-room addition to the Steele school, at Del Norte and North Weber streets, and a two-room addition to the Ivywild school. Plans for the additions have been drawn by MacLaren & Thomas and bids on the work will be opened by the board of education next Friday. Contracts will be let immediately and construction work will be pushed as rapidly as possible.

While no definite arrangement has been made for disposition of the bonds, it is known they can be floated immediately. They will call for $1,000 each, run fifteen years and will draw interest not exceeding four and one-half per cent.

So rapid has been the growth of the northeastern part of Colorado Springs during the last three or four years that additional school room facilities became imperative. In each of the eight rooms at the Steele school last year were approximately 60 pupils, while the capacity was intended to be 40 in each room. Despite the crowding, it was necessary to use poorly-lighted and ventilated basement rooms, and even then it was necessary to put the first grade on a half-day basis. To relieve this congested condition a four-room annex will be built on the north end of the building, of material conforming to that used in the present structure.

At the Ivywild school a two-room addition will be erected, giving double the capacity at present.

Acting as judges and clerks of the election yesterday were W. P. Kinney, president of the board of education; F. M. Maris, secretary of the board, and George B. Petry.

The question of issuing $20,000 bonds was voted on at the school election last May, but on account of a technicality the election was declared void. Afterward it was found necessary to increase the amount to $25,000 in order to carry out the plans as contemplated and, accordingly, the question submitted yesterday was for the increased amount.

FINE AS SILK

That Is What a Little Girl Says of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

I am a little girl eight years of age, do not know very much, but one thing I do know, and that is that Chamberlain's Colic, Cholera and Diarrhoea Remedy is fine as silk for anyone with a stomach ache. I had a very severe pain last night, took a dose of it and was relieved at once.—Maude Ellen Wood, Clifton, Va. This remedy is for sale by all druggists.

ANNOUNCEMENTS.

I hereby announce myself as a candidate for the office of County Clerk of El Paso county subject to the action of the Republican convention.

MANY REQUISITIONS FOR PIKE POSTERS

Daily requests from railroads in all parts of the United States for supplies of the Pike Centennial posters have resulted in the placing of an order for 5,000 more. Yesterday the committee received requests for these posters, which have been characterized as the acme of the lithographer's art, from the Burlington, Chicago, Northwestern and San Pedro, Los Angeles and Salt Lake roads.

$500,000 RAISED FOR TUNNEL; ALDRICH IS TO BE PRESIDENT

Five hundred thousand dollars of the $[illegible] required for the construction of the new drainage tunnel at Cripple Creek has been raised, another $[illegible] is in sight and there is not the slightest doubt as to the success of the committee in obtaining the remaining $100,000, according to a director of the recently organized Cripple Creek Drainage and Tunnel company.

A meeting of the directors will be called this week, probably on Friday, and organization of the company will be perfected by the election of officers. A director of the new company is also authority for the statement that Sherwood Aldrich, who has labored unceasingly for the consummation of the tunnel project, probably will be elected president. The directors and the mining companies represented by them are: E. A. Peck, Portland; E. P. [illegible]; [illegible] Mary McKinney; S. S. Bernard, El Paso; Sherwood Aldrich, Elkton; F. J. Campbell, Vindicator; C. A. Hamlin, Granite; J. T. Milliken, Golden Cycle; Fred W. [illegible] [illegible].

Another announcement [illegible] has agreed to the terms of the project and he will probably be elected as a director. W. J. [illegible], [illegible] named as a director, will be selected as the representative of the [illegible] company which joins the [illegible] organization.

The $[illegible] already secured will be given to the company in return for stock. The corporation is capitalized for $[illegible], divided into shares worth a par value of $1 each.

Mr. Aldrich last night said that no definite date had been set for the starting, but hope that it would be started this week. He was reluctant to make public details of plans now in progress until the company was organized, but from another director it was learned that the construction of the tunnel is now a certainty.

"There is nothing in the way of the speedy construction of the bore, judging from present conditions," he said.

WILL CONSIDER QUESTION OF PRINTERS HOME WATER SUPPLY

Trustees of the Union Printers home will meet with Alderman Seldomridge, chairman of the city council water committee, this morning to take up the question of securing an additional water supply for the home.

At 2 o'clock this afternoon the trustees will make the official inspection of the home.

The trustees are desirous of obtaining the increased water supply as soon as possible. J. W. Bramwood, one of the trustees and secretary-treasurer of the International Typographical union, said last night:

"While, perhaps, it is not realized by many, the water problem is one of the most important now affecting the welfare of the home. We need water. We thought we had it when representatives of the various commercial organizations and some of the city officials promised that it should be given. Of course we know there are unavoidable delays in such matters; but, notwithstanding, we are a little surprised at the extent of the delay. Lack of water is, among other things, preventing the further beautifying of the home grounds which has been in contemplation. We hope for an immediate adjustment of the matter."

At a special meeting of the Union Printers Home corporation at 10 o'clock yesterday morning, T. D. Fennessy of Los Angeles, Cal., was unanimously chosen to fill the vacancy caused by the resignation of H. H. Rogers of Chicago, whose term expires in November, 1907. Mr. Fennessy recently was elected to this position, so his term of office will exceed four years.

Mr. Rogers resigned his membership last winter on account of the Chicago Type Founders union withdrawing from affiliation with the International Typographical union.

After adjournment of the home corporation the board of trustees met with President J. M. Lynch and Secretary-Treasurer J. W. Bramwood of Indianapolis; Thomas McCaffery of Colorado Springs; L. C. Shepard of Grand Rapids; T. F. Crowley of Cincinnati; W. J. White of San Francisco, and T. D. Fennessy of Los Angeles in attendance. The business of the board was purely routine and adjournment was taken until today.

WARRANT OUT FOR REYNOLDS

ABANDONED TEXAS TOURIST PARTY NOW WANTS TO PROSECUTE MISSING MAN.

Armed with a criminal warrant, Constable W. P. Larrabee of Justice W. N. Ruby's court, is now looking for E. H. Reynolds, the Houston, Tex., school principal who has been missing from this city since last Tuesday afternoon, and who is alleged to have taken approximately $2,000 belonging to the 42 women and girls whom he conducted on an excursion from Texas to Colorado Springs.

Although Reynolds was traced to Denver immediately after his disappearance from this city, the members of the Texas excursion party were reluctant to prosecute him, and could not be persuaded to swear out a warrant for his arrest. Judge Ruby declared that he would be powerless to do anything in the matter until a warrant was sworn out for Reynolds' arrest, but the abandoned members of the party, although highly indignant at Reynolds' action, at first refused to institute criminal proceedings against him. Finally one young lady, who was especially wrought up as a result of Reynolds' alleged defalcation, swore to a complaint before Justice Ruby, charging the missing man with securing money by false pretenses. Reynolds, meanwhile, has disappeared and his present whereabouts is a mystery to the authorities.

The name of this young lady who swore to the warrant is withheld by Judge Ruby, this being the condition upon which she consented to take action.

Reynolds is the prominent educator and society man of Houston, who conducted a party of Texas women to this city last month. He is said to have collected money for board in advance from almost every member of the party, in addition to borrowing cash from many and to have left the party with house rent and numerous tradesmen's bills unpaid.

KELLOGG-IRWIN

WELL-KNOWN YOUNG PEOPLE MARRIED—ANNOUNCEMENT MADE LAST NIGHT.

their friends, announcement of the wedding of Miss Grace Diquita Irwin to Ralph Murray Kellogg, which took place Sunday, was made at a dinner party given by Mr. Kellogg at Broadmoor casino last evening. Covers were laid for sixteen and in the party was Mrs. Richard Irwin, mother of the bride.

Though the engagement had been announced friends did not know that the ceremony had been performed. The wedding was solemnized at 10 o'clock Sunday morning at the Irwin home, 913 North Wahsatch avenue. Professor Edward S. Parsons, dean of Colorado college, officiated. Only members of the bride's family were present. Mr. Kellogg is a son of Judge and Mrs. Murray M. Kellogg of Provo, Utah. Illness of Mrs. Kellogg's sister prevented them from attending the wedding.

Mr. and Mrs. Kellogg are guests at the Broadmoor hotel. They leave in a few days for Los Angeles, Cal.

Dancing every Tuesday, Thursday and Saturday evening, at Iron Springs pavilion, Manitou. Fink's orchestra.

Mr. and Mrs. W. N. Stanley, 507 Grand View place, are entertaining Mrs. W. A. Stanley of Chicago, and Mrs. J. E. Dickson and son, Edward, of Burlington, Kas.

Coffee Rising in Price

The Brazilian government is supporting the coffee planters by extending them money to enable them to withhold their coffee from the market so as to advance the price.

As a result the coffee market is soaring higher and higher, and the only outlet possible for the set price package coffee is to substitute an inferior quality to make up increased cost.

We purchased before the rise two carloads of coffee, and with other purchases which anticipated the advance, we are able to still deliver the superior qualities for the same money. It will now pay you more than ever to buy your coffee here.

COLORADO COAL OUTPUT IS BREAKING FORMER RECORDS

Colorado's coal production for the first six months of 1906 is greater by over 1,000,000 tons than the production during the corresponding period last year, according to a report just submitted to Governor Jesse F. McDonald by State Coal Mine Inspector John D. Jones. Further, it is estimated by Inspector Jones that if the production for the last half of the year shows the usual increase over the first six months, the total for the year will be nearly 11,000,000 tons, as against 8,993,631 tons produced in 1905.

In only five of the coal counties of the state, the inspector's report shows, has the tonnage for the present year decreased. The greatest increase is shown in Las Animas county, where 2,540,695 tons of coal were mined in the first six months of this year, 471,092 tons more than during the same period of 1905.

Reports are received monthly by the coal mine inspector from the larger mines only. These reports show the production for the first six months to be 5,042,814 tons, 990,631 tons more than last year. With the reports of the operators, which will not be received until the end of the year, the total increase will be over 1,000,000 tons. As the tonnage for the last half of each year usually runs 5 per cent higher than for the first six months, Mr. Jones predicts that the total production will be nearly 11,000,000 tons.

The following table shows the coal production of the state for the first six months of this year, with the increase or decrease in the different counties:

County.	Tonnage.	Inc.	Dec.
Boulder	[illegible]	102,974	
Delta	[illegible]		[illegible]
El Paso	95,247		7,280
Fremont	254,642	90,649	
Garfield	55,754	32,598	
Gunnison	279,512	64,415	
Huerfano	867,566	216,431	
Jefferson	15,588	13,950	
Las Animas	2,540,695	471,092	
La Plata	87,822	19,509	
Mesa	13,919		5,111
Montezuma	1,9[illegible]	393	
Pitkin	109,75[illegible]		1,892
Weld	34,250		6,431
Total	5,042,814	1,011,624	20,992

Increase over first six months of 1905, 990,631 tons.

BIG ORE BODY IN QUEEN OF WEST

IMPORTANT DISCOVERIES MADE IN PROPERTY WHICH HAS RECORD FOR PRODUCING HIGH GRADE.

GEORGETOWN, Colo., Aug. 20.—Operations on the Queen of the West property, located just over the range, are resulting in important discoveries being made from time to time. This group of claims has been operated for the past several months under bond and lease by Thomas Cunningham, one of the pioneer mining men of upper Clear Creek, and previous to his securing the mine, it had remained idle for a number of years. A new crosscut is being driven for the purpose of intersecting the lode at greater depth, and recent reports from that locality state a big body of ore has been uncovered. Considerable high grade ore is now on the dump awaiting transportation to the sampler, all of which will be brought to market before the cold weather sets in. The Queen of the West has a record of having produced some of the richest ore ever mined in the Argentine districts, the average grade varying from $800 to $1,200 to the ton.

TONNAGE FROM OPHIR IS BREAKING RECORDS

CRIPPLE CREEK, Aug. 20.—The tonnage from the Ophir on Raven hill, owned by Mrs. Anna Cone of Canon City, is heavier at the present time than ever in the history of the property. Not a day goes by that one car is not sent out and frequently two cars are shipped that will run from $40 to $80 in gold to the ton. This ore is being mined in the lower workings of the property. The reason for the big tonnage it is presumed is on account of the apex suit with the Jennie Sample company which will probably come on for determination at the September term of the district court.

WOMEN WHO CHARM

HEALTH IS THE FIRST ESSENTIAL

It Helps Women to Win and Hold Men's Admiration, Respect and Love

Woman's greatest gift is the power to inspire admiration, respect, and love. There is a beauty in health which is more attractive to men than mere regularity of feature.

Mrs. Chas. F. Brown

To be a successful wife, to retain the love and admiration of her husband, should be a woman's constant study. At the first indication of ill-health, painful or irregular periods, headache or backache, secure Lydia E. Pinkham's Vegetable Compound and begin its use.

Mrs. Chas. F. Brown, Vice President Mothers' Club, 21 Cedar Terrace, Hot Springs, Ark., writes:

Dear Mrs. Pinkham:—

"For nine years I dragged through a miserable existence, suffering with inflammation and female weakness and worn out with pain and weariness. I one day noticed a statement by a woman suffering as I was, but who had been cured by Lydia E. Pinkham's Vegetable Compound, and I determined to try it. At the end of three months I was a different woman. Every one remarked about it, and my husband fell in love with me all over again. Lydia E. Pinkham's Vegetable Compound built up my entire system, cured the trouble, and I feel like a new woman. I am sure it will make every suffering woman strong, well and happy, as it has me."

Women who are troubled with painful or irregular periods, backache, bloating (or flatulence), displacements, inflammation or ulceration, that "bearing-down" feeling, dizziness, faintness, indigestion, or nervous prostration may be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound.

MONTE CRISTO IS A REAL BONANZA

LESSEE BURKE SHIPS GOOD ORE AND IS CONTEMPLATING INCREASING THE OUTPUT SOON.

CRIPPLE CREEK, Aug. 20.—The Julia V. Gold Mining company, with M. B. Burke in control, shipped out two cars of ore from the Monte Cristo property on Beacon hill today. Burke has opened up nearly 14 feet of ore at a depth of 350 feet and declares that he has 240 feet of stoping ground. The ore will ship in carloads from $18 to $60 in gold to the ton. The higher values going out in the form of screenings.

Mr. Burke stated today that he expects to begin soon to get out three cars of ore every two days from this lease, which is good for a period of two years. Burke paid $6,000 for it, and it looks as if he will pay all royalties, expenses, and reimburse himself during the first 30 days.

SMALL FORTUNE IN THE ANNA C.

COMPANY WORKS IN $50 ORE WHILE SINKING A SHAFT. WILL HAVE 40-TON PLANT.

Special to The Gazette.

CRIPPLE CREEK, Aug. 20.—The Stowell Mining and Leasing company, operating on the Anna C. claim on Copper mountain, has sunk a shaft to a depth of 150 feet. During the course of sinking, the past ten days, the company has been in ore giving values of from $30 to $70.

So satisfactory is the showing that General Manager Toll left today for Mancos, where he will dismantle a 40-ton daily capacity concentrating plant. This will be removed and rebuilt on the Anna C. property. From present indications, a small-sized fortune will reward the operators.

STREAK WIDENS AND GIVES RETURNS OF $5,000 TO THE TON

ELKTON, Colo., Aug. 20.—The inch streak of high-grade ore opened by Marsh, Hodges and company on the Little Clara lease of the Work company has widened to three inches and the mineral now gives returns of $5,000 gold to the ton. The streak is of a formation of free gold in sand and talc.

This is the fourth strike made by Marsh and Hodges in the last six weeks and the lessees are now shipping an average of two cars a day of ore that runs better than two ounces in gold to the ton.

TO SELL THE ALASKA PROPERTY FOR $25,000

GEORGETOWN, Colo., Aug. 20.—The Alaska mine, located on Griffith mountain, is reported as about to change hands. John Eckman, a mining expert of Calumet, Mich., has been in camp for the past several days making an examination of the property, and is thoroughly convinced that the mine can be placed among the big dividend payers of the state with a comparatively small expenditure of money. He has forwarded his report to the prospective purchasers and is now awaiting the arrival of the papers with which to close the deal. The consideration of $25,000 is involved, the full amount of which will be paid in cash. The property is held under bond and lease by Dr. H. [illegible] Barnes, George [illegible] and Charles [illegible] of Georgetown.

BLUE BIRD DEVELOPMENT.

GEORGETOWN, Colo., Aug. 20.—De[illegible] the Blue Bird group of [illegible] Republic mountain [illegible] being pushed forward by [illegible] J. K. [illegible] driving the drift [illegible] expects to reach the junction of the Mineral Chief within the next few feet. A nice streak of high grade silver and lead ore is being followed and indications are favorable for the uncovering of a rich [illegible] with the opening of each round of holes.

Foley's Kidney Cure will cure [illegible] For sale by the Hefley-Arcularius Drug Co.

SEAM RUNS INTO FANCY FIGURES

DEVELOPMENT WORK ON PROPERTY NEAR CLYDE IS REWARDED BY MARKED INCREASE IN VALUES.

CRIPPLE CREEK, Aug. 20.—James Spencer, who about one month ago made a strike near the town of Clyde, has now quite a body of good grade ore. The strike was in a shallow shaft and since the time the strike was made development work has been kept up and the ore body followed for quite a distance. The vein now shows a width of four feet and today the values increased. The ore body all the way across gives assay returns of two ounces in gold and carries a small seam, which runs up into the pictures. A carload shipment of unsorted ore made today is expected to net about $40 to the ton.

ANOTHER GOOD STRIKE ON STRATTON ESTATE

ALTMAN, Colo., Aug. 20.—The Western Investment company has made another strike at a depth of 500 feet in the Sacramento of the Stratton estate on Bull hill. The ore shoot is between three and four feet wide and carries values of from nine to eleven ounces in gold to the ton.

The strike was made at a depth of 400 feet and the vein is thought to be the extension of the rich ore body cut in the Sacramento. It will be followed for some distance before any ore is broken for shipment.

NEW DRILL WILL SOLVE A PROBLEM

MAKES AN AVERAGE OF FOUR INCHES A MINUTE AND COMPARES FAVORABLY WITH SLUGGER DRILL.

IDAHO SPRINGS, Colo., Aug. 20.—After a thorough and satisfactory test the new plant of machinery at the portal of the Seemann tunnel, at the mouth of Limberger gulch, on Fall river, has started up and there is every reason to believe that the new aero-electric drill in use solves a problem in the successful application of electricity to big tunnel driving in a hard rock formation.

The new drill was tested last week and made an average of four inches a minute in the achaean granite, and with two rounds of holes thirteen feet of headway was made. This speed in drilling will compare favorably with the work of a slugger drill, and the power required is considerably less.

The new plant of machinery consists of a fifty-horsepower boiler, a forty-horsepower high-speed engine, and a thirty-kilowatt electric generator. This plant furnishes ample power for the operation of two of the aero-electric drills, and the cost of operation is comparatively small.

A contract has been let for driving the Seemann tunnel a distance of 1,000 feet, eight by eight feet in size, with a waterway eighteen inches deep on the west side of the bottom.

The success of the new drill is reasonably assured, which will mean its adoption in many of the isolated or inaccessible regions where electric power can be utilized without the transportation of heavy machinery.

PAY ROCK CO. GETS CONTROL

TAKE LEASE OF COLORADO ORE MINES CO.—PLANT OF MACHINERY HAS BEEN INSTALLED.

CRIPPLE CREEK, Aug. 20.—The Pay Rock Consolidated Mines company has obtained control of the lease owned by the Colorado Ore Mines company on the Ora claim on Ironclad hill. A complete plant of machinery has been bought and is being installed on the property as fast as possible, and some time next week sinking will commence with air drills, the company intending to sink 200 feet further at once.

The present vein runs two and a half to four feet wide and carries values of $8 to $12 and will average [illegible].

The W. P. H., which is famous for producing the richest ore taken from the Cripple Creek district, running as high as $150,000, is located next to the Ora and the Forest Queen, which has blocked out about $1,000,000 worth of ore, is located about 600 feet from the Ora. The Jerry Johnson and Trilby are other properties in the same territory.

The [illegible] is a property which W. S. Stratton [illegible] paid to have at fabulous figures.

Miller & [illegible] company operating on the [illegible] of the Ora claim have shipped [illegible] of $15 [illegible].

OREHOUSE COMPLETED.

CRIPPLE CREEK, Aug. 20.—The new orehouse which has been in course of construction by the Republic Mining and Development company on the Chicken Hawk property on [illegible] hill was completed today and the ore will now be dumped into the bins. Regular shipments from the property will begin.

CRIPPLE CREEK EXCURSIONS EVERY DAY.

Going via and returning same route, $2.50; going Short Line, returning Midland route, $3.00. Trains leave from Santa Fe station at 8:15 and 10:20 a. m.

MEN PAST SIXTY IN DANGER.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rockport, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." For sale by the Hefley-Arcularius Drug Co.

STOCK MARKET SHOWS ACTIVITY

SALES AGGREGATE 2,000,000 SHARES WEATHER FAVORABLE TO RECORD YIELD IN CROPS.

NEW YORK, Aug. 20.—With trading in enormous volume, sales aggregating 2,000,000 shares, last week's upward movement in the stock market was resumed today. Throughout the session the market was extremely active, the tape being from five to ten minutes behind time in recording transactions. The tone was generally strong, although heavy profit-taking in certain issues, notably the Harriman stocks, caused some irregularity.

The greater part of the day's operations was of a professional character, in spite of attempts to create a contrary impression. As a matter of fact, the wild character of the trading was in itself sufficient to keep the public out of the market. From the outset, interest centered around Union Pacific and Southern Pacific, which led last week's remarkable movement. Both of these issues had "wide" openings, Southern Pacific soon advancing to a high record figure. There were heavy initial transactions in several other issues, including Amalgamated Copper. Commission houses reported a large accumulation of buying orders from out of town. The action of the Harriman directors last week was still the principal topic of discussion and comment thereon was, if anything, increasingly bitter.

With Atchison selling at the highest price in its history, it was early rumored that the dividend on this stock would soon be increased. Later, when Pennsylvania and Reading began to lead the market movement, rumor dealt in the same way with them. While no definite news developed on these points, it is clear from the long chain of recent events that the interests which control the destinies of the great railway and industrial enterprises of the country are supremely confident as to conditions for some time to come.

With the passing days less is heard as to the possibility of a money stringency in connection with the movement of the crops. However, money, both on time and call, manifested a hardening tendency today, numerous over-year loans being reported at 6 per cent, while call money loaned in considerable amounts at 4 per cent, advancing to 5 per cent before the close. Advices from London suggested an absence of any urgent demand for gold by this market. A large consignment of the metal reserved at that center from South Africa was reported to have been taken by Russian bankers.

There were the usual optimistic reports from the traffic managers of the railway systems, some of them forecasting a year or more of record tonnage. Briefly, there seems to be nothing in the history of American railroading to compare with the prevailing demand for transportation. As for crops, weather conditions were all favorable to further improvement, indications pointing to bumper yields in everything except oats.

In the late session of the market the movement shifted to other issues such as the Hill stocks, St. Paul, Illinois Central, Sugar and Brooklyn Transit. The spurt in these issues was probably designed to cover further realizing for profits elsewhere, and the swift pace of the early day was maintained with but slight diminution. The flurry in call money just before the close precipitated some heavy selling, Union Pacific making a net loss and the balance of the active list selling from 1 to 3 points below the day's best figures. Opinions as to London's participation in this market differed, early reports telling of profit-taking sales, while later it was declared that the day's business showed purchases on balance. The strength of the copper stocks here was doubtless a reflection in part of the higher prices quoted for the metal in London. In addition to the stocks named, new high records were made by St. Paul preferred and Chesapeake & Ohio.

The subtreasury, at the close of business today, reported payments aggregating $24,000,000 for account of the new Panama bonds. Many railway returns were made, chiefly for the month of July. Marked gains in gross were reported by Louisville & Nashville, Canadian Pacific, Southern Pacific, "Soo" and Grand Trunk. Sales of bonds for the day were in keeping with the heavy business in stocks, amounting to $4,745,000.

United States bonds were all unchanged on call.

"DAMAGE" REPORT CAUSES ADVANCE

WHEAT MARKET CLOSES STRONG WITH PRICES NEAR HIGHEST POINT CORN AND OATS STRONG.

CHICAGO, Aug. 20.—Pit traders were the principal sellers in wheat during the first hour. Toward the middle of the session some bullish dispatches were received telling of damage to wheat in the northwest. One report estimated that the yield of spring wheat would be reduced 5 to 10 bushels per acre because of excessive heat. These advances started lively bidding by shorts but the demand met with only small offerings. The result was a rapid advance in prices. The change in sentiment was aided by an advance of 1c to 1½c in the price of cash wheat at Kansas City, which was due largely, it was said, to smaller receipts.

Another feature that favored the bulls was a reduction of 20 per cent in primary receipts, compared with those of the corresponding day a year ago, total arrivals today being 830,000 bushels against 1,045,000 bushels last year. The market closed strong, with prices almost at the highest point of the day. September opened 3-8@1-2 lower at 69 3-4 to 69 7-8, sold off to 69 5-8 and then advanced to 71 1-4@3-8. The close was at 71 1-8@1-4.

Increased receipts and ideal weather for the rapid development of the new crop caused weakness in the corn market early in the session. The close was firm with all of the early losses regained. September opened 1-2@5-8 lower at 47 3-8 to 47 1-2, sold between 47 1-4 and 48 1-4 and closed at 48.

After an easier start, the oats market developed a strong undertone on covering by shorts, and the firmness up to the end of the day. This, together with the late rally in wheat and corn, was responsible for the firmness at the finish. September opened 1-4 to 1-2@5-8 lower at 29 1-8@1-4 to 29 1-2, advanced to 29 7-8 and closed at the top figure.

Despite a 10c advance in the price of live hogs, the provisions market was inclined to weaken early in the day, because of the break in the price of coarse grain. Local packers, however, supported the market and caused a complete recovery. At the close September pork was up five cents at $17.05. Lard was up 2 1-2@5c at $8.67 1-2 @8.70. Ribs were 12 1-2c higher at $9.00.

CLAIRVOYANT.

ST. GEORGE ORMONDE

GENUINE CLAIRVOYANT,
206 Manitou Ave., over Postoffice, Manitou, Colo.

WONDERFUL PROPHECY.

Ormonde, in San Francisco last January, prophesied the horrible earthquake which took place there, fleeing himself and warning his friends to do the same. His office was, at that time, at 1007½ Market St., which is now completely destroyed.

TELLS YOUR FULL NAME.

As a test in the reading, without asking a question, he will tell your name and the object of your call. Ormonde is not to be classed with partly developed mediums. His clairvoyant power is a natural-born gift.

PAST—PRESENT—FUTURE.

Clear as crystal. See Ormonde. Gives private instructions in the philosophy of the ancient Hindoo to those that are interested in occultism. He teaches the Hindoo method of concentration, polarization and focalization, which enables you to cause outward conditions to conform with your inward desires. Tells whom and when to marry, removes evil influences, restores affections, cures drunkenness, and helps where all others fail. Success guaranteed.

IF GOING TO SEE A MEDIUM,

Why not see the best, as the best is the cheapest in the end. Better consult one clairvoyant at all than one who is unable to help you, for false prophets do more harm than good. High-class patronage solicited, those capable of appreciating the powers of an intellectual psychic. I teach clairvoyance, hypnotism and personal magnetism and develop mediums. Mediums with difficult cases that they cannot handle consult me.

Guaranteed success when all others fail.

My regular $5.00 readings $1.00; no fee in advance; pay if satisfied. The only [illegible] of Hindoo [illegible] ing in America at the present time.

ORMONDE

Over the Postoffice, Manitou, Colo.

MRS. HENDRICKS, clairvoyant, reads [illegible] Ruxton Ave., Manitou. See sign at tent.

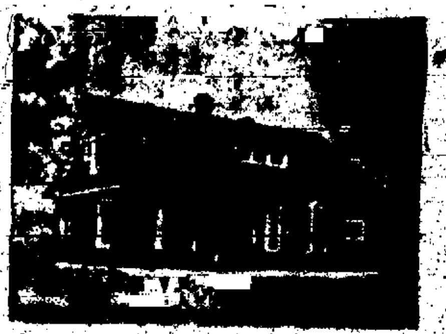
MRS. THOMPSON, clairvoyant, 50c and $1.00. Hours 9 to 9. 28 S. Nevada.

WANTED ROOMS AND BOARD.

ROOM, or room and board by couple, in Manitou or Colorado Springs; state terms and location. Address R. E. S., 1[illegible] Pennsylvania Ave., Denver.

BY gentleman, room and board in [illegible] permanent; north preferred; must be [illegible] able. Address, C-3, Gazette.

FOR SALE—REAL ESTATE.



[illegible] HASTINGS-ALLEN

[illegible] beautiful [illegible] home [illegible] and lot on [illegible]
[illegible] MONTH [illegible] rooms, [illegible] large [illegible] with [illegible] house is [illegible] polished [illegible] fireplaces, [illegible] walls, [illegible] open, [illegible] large [illegible] lawn.
[illegible] MONTH [illegible] little bungalows of four rooms, finished with hand-rubbed waxed [illegible] polished quarter-sawed [illegible] walls, leaded art glass windows, and window seat.

$50 DOWN, $8 PER MONTH are the payments on a very neat cottage of four rooms, bath and cellar.

This house is nearly new, well built and newly papered, painted and varnished; has open nickel and porcelain plumbing and electric lights; lot is 40x120, with good lawn and barn; close in, on car line.

$75 DOWN, $10 PER MONTH will pay for a well-built house of five large rooms and cellar, on corner lot, with lawn, trees and fence.

$20 DOWN, $5 PER MONTH are the payments on a nearly new 4-room house.

Smaller properties taken in trade.

City Briefs

Don't miss the flower show.

Satisfied people wear Ashby's spectacles.

FINELY furnished rooms, Y. M. C. A.

Next the big flower show in North park. Don't fail to attend at least once.

A FEW CHOICE ROOMS can still be had at BROADMOOR HOTEL. Phone 271.

YOU MUST call today and get numbered tags for your entries in the flower show.

Of course you are going to the flower show in North park this week. It will be better than ever.

YOU MUST call today and get numbered tags for your entries in the flower show.

SUBLIME TEMPLE, No. 53, Rathbone Sisters, will give a pie social at K. of P. hall tonight.

The El Paso County Horticultural society's eighth annual flower show in North park Wednesday, Thursday and Friday.

INCORPORATED — The Christian Volunteer church, formed in May, 1906, has filed incorporation papers with County Clerk W. H. Reed.

WIFE LOST—James W. Oxley, of Browning, Mo., has offered a reward of $500 for information regarding the whereabouts of his wife, who is supposed to have been in this city recently.

TO WED—Marriage licenses were issued yesterday to Frank E. Kroutsa and Anna Taylor, both of Colorado Springs, and Clark Edmund Persinger, of Lancaster, Neb., and Margaret Shine, of Central City, Neb.

NARROW ESCAPE.—Mrs. Grant Brooks, of Danville, Ill., while climbing in the mountains near Manitou Sunday afternoon, slipped and only saved herself from falling about 400 feet by clinging to the branches of a small tree.

PIKE DESCENDANT.—A letter has been received at Centennial headquarters from Mrs. Jennie Pike Lohr, of Greeley, Iowa, stating that she is a grand-niece of General Pike, and that she will attend the celebration in September, in honor of Pike in Colorado Springs.

BRINGS SUIT—The Sheriff Gold Mining company has brought suit in the district court against the Protective Investment company, alleging that the latter wrongfully claims ownership of a lode claim in the Cripple Creek district.

LOW RATES—The railroads of the state have granted a half fare rate from all Colorado points to Colorado Springs this week on account of the race meet and flower show. The reduction was made at the request of the Chamber of Commerce.

STABBED—Harry DeBois and William Hollaway quarreled Sunday at Palmer lake and in the fight which ensued, Hollaway was stabbed in the left arm and shoulder. The trouble arose over the fact that DeBois would not give a satisfactory explanation of some remark which Hollaway alleged he had made about Mrs. Hollaway.

HAT 47 YEARS OLD—A Panama hat, owned by R. L. Goodale, connected with the Colorado Springs Electric company, which has been worn for the last 47 years, is now on exhibition at the May Clothing company. Mr. Goodale has worn the hat for 13 consecutive summers and his father wore it 34 years before him.

—GONE BUT NOT FORGOTTEN—Zaro, a "doctor" who has been in Colorado Springs for the last month, and who advertises to cure every disease known to mankind, has left the city. It is said that he leaves a number of creditors who would like very much to have the doctor returned to the Springs. Zaro has written to acquaintances in this city, saying that he has gone to Pueblo for his health, and will return soon.

The Long Glove Question

The great demand for long gloves this season has made it almost impossible for any stores to secure any at all for our local trade. We are pleased to announce that he have just received a few dozen pairs 16 and 18 button lengths in silk and lisle threads. Very fine qualities. We propose to place them on sale this week, as long as they last—at a reasonable price.

$1.50

pair for the lisle, in black and white, and

$1.50 and $2.00

pair in silk, black only. These gloves are better quality than some stores have been selling at $2.00 to $3.00 pair all over the country. We have all sizes from 5½ to 7½.

Yours for business, COUNTS BROS.

County Treasurer Pollen has mailed over 5,000 postal card notices calling taxpayers' attention to the amount of balance of unpaid taxes on property assessed to them for the year 1905. The notices are dated August 1st, but owing to the extension of time upon the second half payment to September 1st, they were held back; and those who have paid taxes since August 1st, will, for that reason, receive such notice as well.

Collection of taxes this year exceed last year, as is shown by the fact that last year over 6,000 notices were mailed.
